LAOS TAKEN FOR MORAGA ROAD HOLDUP

E. D. Gordon and Clinton Willis Captured While on Way to Extort More Money From Their Victim, Police Claim

Threat to Kidnap Her Little Brother Scared Miss Soldini; Accused Men Seek to Recoup Family Fortune By Crime

Wide-eyed and manifestly frightened from the experience through which she has gone, and accompanied by friends who shielded her as much as possible, Miss Grace Soldini, victim of two boy robbers on the Moraga road Sunday night, went to the City Hall from her home in the Peralta Apartments, Thirteenth and Jackson streets, this morning.

Her trip was to identify, if possible, the boys who have given the names of E. D. Gordon and Clinton Willis, and who were arrested after a vigorous fight near Sixteenth street and Telegraph avenue last night. Gordon is 21 years old, Willis is 19.

The younger boy is the son of a family, which, until recently, lived on Ashmont avenue in Piedmont, and both youths, the police said today, were from the Piedmont high school. The younger boy, it was said this morning, had told his story in full.

THREAT IS PHONED OF PLAN TO KIDNAP BOY

Miss Soldini's fright grew not only from the hold-up Sunday night, but from a telephone message to her apartment last night. This message demanded \$500 of her in return for jewelry stolen Sunday night, and threatened the kidnapping of her younger brother, Charles, 7 years old, if she did not comply.

After the arrest, detectives went to the Peralta to find the young woman and her brothers packing with all haste to leave the city for home in California. They were taken to the police station, where they are now being held. The young woman, who her friends say recently underwent an operation, was today still very nervous.

After the young woman had seen the threats that were phoned, she was hurried away to her apartment in a closed automobile to escape curious eyes, and detectives took up further questioning of the two youths to obtain the details of the robbery.

ROAD ROBBERY IS THEIR FIRST ATTEMPT

The main facts of this story were, according to the police, that the boys had deliberately set out on a determined if amateurish career of crime to raise money. The Moraga road robbery was their first attempt disclosed by the police. The boys took platinum jewelry, a ring brooch and wrist watch, a car in which she rode with her brothers, by firing a revolver.

Yielding to Miss Soldini's pleadings, the younger highwayman returned a ring which she valued at \$100, but was stopped from further restitution by his companion. Inspector Thomas Wood and Detectives Sternitzky and Robinson came on the youths' way to a rooming house which the boys, then suspected, were understood to inhabit. There was a sharp scuffle and the youths yielded revolvers, wrist watch and brooch, the officers said.

DECIDE TO RECOUP FORTUNES BY CRIME

At the city prison the younger boy collapsed, pleaded to be killed, spoke of his mother, related that his father had recently lost his money through operations of "robbers" who were "within the law," and declared his avowed intention of force resistance and to recoup the family fortune by crime, the police said. The elder youth was more taciturn.

When arrested the younger boy is quoted by the police as having confessed the two were on their way to Miss Soldini's apartment with the jewelry and intended, after leaving there, to "pull another job."

STEAMER HITS ROCK; IS RUN ON BEACH

VANCOUVER, B. C., Sept. 29.—The steamer Prince Rupert, which sailed from Vancouver for the north on Monday, struck a rock while leaving Swanson bay at midnight last night. Captain Duncan McKenzie beached the vessel in order that the passengers should run on the government.

Sugar Price Drops To 13 1/2 Cents Pound

NEW YORK, Sept. 29.—Through a further reduction of half cent by the Federal Refining Company today the price of granulated sugar dropped to 13 1/2 cents a pound. This was the lowest price since the government relinquished control, and about 12 cents a pound less than the high level prevailing early in the summer.

Guards Armed At Vatican Are Ready to Prevent Invasion Communist Raid Is Feared

By EDWARD STRUTT, International News Service Staff Correspondent

ROME, Sept. 29.—Armed guards are on duty at the Vatican today. Ball cartridges have been issued to the gendarmes and the Swiss guards and the officers have been ordered to be on the alert if there are any further riots or any attempt is made to invade the Vatican premises.

These precautionary measures were taken as the result of reports that Communists planned to occupy the Lateran palace, which is the property of the Holy See. These reports were current during the recent occupations of palatial estates by peasants and homeless workers. The official organ of the Vatican, L'Osservatore Romano, reminds the Italian government that, under the law of guarantees, the government is responsible for the safety of the Pope and the protection of all pontifical property. The newspaper declares that "if the crowd is impregnated with Bolshevism it cannot be expected to refrain from invasion of the Vatican premises." The newspaper advises the government "to take steps if it would avoid a world scandal."

It is understood that Premier Giolitti has assured the papal secretary of state that every precaution will be taken to assure the Vatican adequate protection.

LONDON, Sept. 29.—Rumors of widespread plots, which have ranged from conspiracies to assassinate King George to blowing up public buildings, have been current in London during the last few days. These reports have been caused by the fear that the lives of public men in Great Britain might be jeopardized should any of the Irish hunger strikers die, particularly now that the "black and tan" police have made reprisals in several Irish towns. Investigation of the rumors obtained only negative results.

LEGION MEN DEMAND BAN ON JAPANESE

National Convention Adopts Resolution Urging U. S. to Cancel Its Agreement on "Picture Brides" at Once

Vigorous Protest Is Voiced Against Tokyo's Request for Citizenship Rights for Nipponese in This Country

CONVENTION HALL, CLEVELAND, O., Sept. 29.—The report of the committee on Americanism of the American Legion in second annual convention recommending cancellation of the so-called "gentlemen's agreement" with Japan, exclusion of "picture brides" and rigorous exclusion of Japanese as immigrants, was adopted as read at the session here today.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

The report recommended that "we enter a vigorous protest against the demand of Japan that naturalization rights be granted to its nationals now in the United States, and that we earnestly request the State Department of the United States not to consider any proposition which will grant rights of naturalization to this unassimilable people."

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

The debate that followed the reading of this section of the report was the stormiest of the convention.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

An uproar followed introduction of the measure. It was sponsored by the California and other Western delegations and the delegates from Hawaii.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

Colonel Milton J. Foreman, Illinois, sang to his feet with a motion that the "United States immediately prepare to meet the Japanese menace." His motion was lost in the uproar and was not acted upon.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

A Carolina delegation made a dramatic speech in favor of the measure, declaring that the South fully appreciated the race problem confronting it, and that it was determined to cheer greet the termination of its speech and the vote to adopt the resolution rolled up on the stage in an ear-splitting roar.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

The last day of the convention was the heaviest of the session. The final report of the resolutions committee was read and adopted. The report dealt with the Red Cross assisting the State Department in aiding needy soldiers, and a few minor matters.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

The other business included reports from committees on disabled soldiers and insurance, department organization publicity and Americanization.

TOKYO, Sept. 29.—By Associated Press.—Authorities at the Japanese foreign office declined to discuss the problem of the Japanese relative to anti-Japanese legislation in California. All they will say is that everything possible is being done to find an amicable and successful solution of the problem, which they admit is difficult. Should the measure be carried in California it is believed the first step of the Japanese government would be to ask Washington to postpone the operation of the laws pending official negotiations as Tokyo cannot, of course, negotiate with California.

TOKYO, Sept. 29.—Marking what is generally believed here to be the opening of a popular campaign of agitation against anti-Japanese legislation in California, Marquis Okuma today announced the opening at his home of a public forum to educate the Japanese people as to the meaning of the present agitation in California against Japanese nationals. Okuma openly criticized the lack of interest here in the California situation. Thus far agitation here against anti-Japanese measures proposed in California has been confined to the newspapers.

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

The action of Marquis Okuma is regarded as a direct slap against the policy pursued by the present Japanese government. It has been rumored recently that Okuma has suggested the appointment of a new premier.

Marquis Okuma is a former premier of Japan and was one of the founders of the new government. He has been active in the Japanese affairs for many years and is one of Japan's most revered statesmen. Heretofore he has been considered a leader of the moderates in dealing with the Japanese-American issues.

RADICAL PAPERS' WRITERS BARRED, COLBY DECLARES

WASHINGTON, Sept. 28.—By Associated Press.—Secretary Colby announced today that Paul Hanna, correspondent of the New York Call, a Socialist newspaper, and Laurence Todd, associated with Hanna in the Federated Press Bureau, would not be permitted in the future to attend the daily conferences which the secretary holds with the newspaper correspondents.

The announcement was made at the regular morning conference with the correspondents and after the secretary had read a letter written by Hanna to Fred A. Emery, head of the information bureau of the State Department. Hanna charged in the letter that Colby was using the conferences with the newspapermen as a means of inspiring the press with views of his own and that he also had put wrong interpretations on the news. Emery was asked in the letter to obtain from Colby a statement in defense of the charges so that it might be published along with the original accusations.

The secretary of state told the correspondents that the whole object in holding conferences with them was to aid them in obtaining accurate information and to co-operate in furnishing international news to the American public. He asked the correspondents whether they thought Hanna's charges justified and H. C. McMillen, a correspondent of the New York Evening Post, expressed the opinion that they were, but he added that he did not mean to impugn the secretary's integrity nor to appear in the light of supporting the charges.

BUILDERS MAY ORDER LOCKOUT

SAN FRANCISCO, Sept. 29 (By the Associated Press).—The San Francisco Builders' Exchange made up of several hundred building contractors in the city, called a meeting today to vote on a proposition to lock out all of its building employees until certain of the workers now on strike return, officers of the exchange announced here today.

The State Building Trades Council, in a statement, said the exchange was taking its action after it had refused to arbitrate. The council said it had proposed the names of Archbishop Edward J. Hanna of San Francisco, Mayor James Rolph, Ralph P. Merritt, William H. Crocker and Mortimer Fleischacker as arbitrators, singly or otherwise, and that this proposal was rejected by the employers.

The employers asserted the plasterers, hod carriers, roofers and painters went on strike in violation of an agreement of last February, also breaking an agreement with the Building Trades Council. A minority of the exchange members favor arbitration, and it was expected that this issue would be brought up today, executives of the exchange, announced here today, charged in its statement today that "certain employers entered into an agreement to pay a certain wage scale and thereupon charged the public a rate that included the increase, but withheld the amount of the increase from the men."

This was denied by the exchange officials.

\$18,000 Dredger Bill Payment Authorized

Payment of an \$18,000 claim for repairs on the municipal dredger is authorized in Ordinance 18,855 N. S., according to Henry Henken, chief clerk of the Department of Public Works, in answer to a question that there may be no authorization for the Hannon Shipyard bill for the repairs.

The bill, however, has been in the office of the commissioner for several months and has never gone to the city auditor. Hannon has not been paid, though the work was done many months ago.

Berkeley Y.M.C.A. Goes Over the Top

BERKELEY, Sept. 29.—Cheering as they went, several hundred men and women marched to the big Y. M. C. A. clock at Shattuck avenue and Center street at 11 o'clock last evening and turned the hands around to the victory mark of \$77,000. Berkeley went "over the top" to the tune of \$78,285.75.

Gathered at the Y. M. C. A. building at 9:30 o'clock last evening to hear the final reports in the campaign to place the local "Y" on a sound financial basis, when Campaign Director Ernest Mogge announced \$13,850.61 as the total of the day's collection, the several hundred workers and their friends didn't wait for the reading of the final figures. Cheers filled the building.

Final reports last night showed the "Nationals" under Elmer E. Nichols, to have collected the sum of \$24,997.71. The "Americans," headed by H. B. Green, showed \$23,565.75.

Plans for Traffic Bureau Are Advanced at Meeting

Definite action toward the formation of a traffic bureau which will launch a campaign for a customs house for this side of the bay, investigate Eastbay terminal facilities and traffic conditions and seek lower rates, was taken last night at an enthusiastic meeting of the Merchants' Exchange. More than 200 business men, shippers and manufacturers were present to hear the discussion and to join in the unanimous vote given the resolution, which is designed to increase the importance of the port of Oakland.

That a great volume of trade is coming to Oakland and that the business interests here should unite in action to make its handling more effective and to remove certain unnatural handicaps was the argument advanced by the half-dozen speakers who were heard.

Resolutions authorizing the appointment of a joint committee from the Merchants' Exchange, the Chamber of Commerce and other organizations with a view of creating such a traffic bureau were adopted by unanimous vote.

That a harbor board to consider dredging problems on the waterfront was another needed body was the declaration of Fred Parr of the Parr Terminal Company, who outlined his ideas for such an organization. A rate war between water carriers and railroads, to be waged as soon as the Panama canal reaches mature development, was predicted by L. R. Bishop, traffic expert. A means of forcing lower rail rates, Bishop said, was to be tried with the despatching of a ship that would carry goods at a loss.

This latest plan was discounted by V. O. Lawrence, who said that one ship would be insufficient. Four or five lines, Lawrence said, are planning regular service to Oakland port through the canal, a develop-

ment which he believed was an additional argument for a traffic bureau.

That the Southern Pacific railroad is considering the possibility of building a new station in Oakland and that stronger attempts to influence a decision were useless was a statement of Lance Richardson, district agent for the railroad.

Attention of the business men to the need of a new city directory was called by Postmaster Joseph Rosborough, who said that the postal directory bureau was directly handicapped in its attempts to work from the latest city publication.

C. H. J. Truman, chairman of the freight and traffic committee of the Merchants' Exchange, opened the meeting and introduced J. H. Spilro, president, who presided. It is expected that the committee in charge of preliminary action toward the establishment of the traffic bureau will have a report ready within a few days and that the organization will have assumed shape within a month.

FIRST ADD PLANS FOR TRAFFIC. Oakland business men are held up for hours in clearing their shipments at the San Francisco customs house, declared W. P. Scott, who spoke in favor of a movement to have the oval customs house established in Oakland to handle the volume of foreign business which the city expects will follow further harbor development.

DOCKS CRITICIZED. Fred Hooper of the Hawaiian-American Steamship Company scored the docks at San Francisco saying that they are inadequate and made the assertion that plenty of trade will come to Oakland as soon as harbor development is further progressed.

Figures were quoted by James McElroy from the budget showing that only a small amount of the appropriations go toward harbor improvements. Oakland, he said, is so situated as to become a great industrial and commercial center. Other speakers were Joseph King of the Chamber of Commerce, who pledged the support of that body in securing a traffic bureau for Oakland and who said that such a movement was started several years ago but that it met with no response from merchants, and Postmaster Joseph Rosborough who called attention to the need for a new city directory.

Ordinance Proposes To Widen Broadway

An ordinance to widen the street and narrow the sidewalk five feet on the east side of Broadway between Fourteenth and Fifteenth streets was introduced in the city council this morning by Commissioner Morse and finally was passed to print.

The application of Ciel Hitchcock to extend his private patrol system into the tract between Broadway, Grove, Twentieth and Fortieth streets was denied on the ground that there is no satisfactory patrol system there now.

Sale of Wormy Fruit Brings Grower Fine

Despite his declaration that he believed the fruit to be in first-class condition when picked from the trees, George L. Husted, a peach grower from Triunfo, Calif., was fined \$50 by Police Judge Mortimer Smith this morning for shipping wormy peaches to the Oakland market.

D. P. T. McDonald, fruit inspector, testified that 15 per cent of Husted's peaches were wormy and 20 per cent infested with fungus. "The fine that I am imposing on you is in no way commensurate with the loss sustained by the long suffering public," commented Judge Smith in disposing of the case.

New Hair Remover in Demand, Say Druggists (Pholacine Removes Roots and All)

Since the virtues of pholacine as a hair remover became generally known, druggists in this country have been having a really extraordinary demand for this remarkable product. The fact that it actually removes the roots—before one's very eyes—as well as the surface hairs, is of course mainly responsible for its large and increasing sale. The new method is not to be compared at all with the usual depilatory, electrical or other processes. It is entirely safe, non-irritating, non-poisonous, odorless—and instantaneous! A stick of pholacine, used in accordance with the simple instructions which accompany it, is certain to satisfy and delight the user.—Advertisement.

FORMER VALLEJO MERCHANT SENT TO SAN QUENTIN

FAIRFIELD, Sept. 29.—A long list of crimes including neglect of family and infidelity to his wife was charged in court when Samuel King, a former Vallejo merchant accused of obtaining goods under false pretenses from a merchant of that city, appeared before Judge O'Donnell yesterday to receive his sentence and obtain the ruling on his motion for probation. He was denied probation and sentenced to an indeterminate term in San Quentin.

King was accused of obtaining goods from Fred Finch under false pretenses, but a report submitted by a private detective in Los Angeles charged many misdeeds.

According to the detective, King induced a woman to file suit for divorce against her husband, who was in Canada, and upon being shy of a witness to testify to the cruelty of the husband to the wife, went on the stand himself and testified to cruelties, when in fact he had never seen the husband.

Upon the interlocutory decree being granted, King took the woman to San Diego and married her, it is charged, although he had a wife and five small children practically destitute in Venice and living in a tent. Upon being married in San Diego, King would then leave for a day or so at a time and wire to his wife for money, who would send him from \$20 to \$400, it is charged.

He is said to have taken one trip to San Francisco and telegraphed to the wife that his sister was in need of an operation and of a transfusion of blood which he had to supply and needed money. Later he telegraphed that the sister had died and collected more money, when an investigation showed that the sister had not been ill, according to the report.

King is said to have cashed many bogus checks throughout the State, to have sold an automobile belonging to an insurance company for \$600.

He is accused of several crooked deals in Fresno, collecting money on various schemes.

King's wife sat with him during the hearing in the courtroom and heard the testimony relative to his marriage to the other woman and his escapades with women. Tears rolled down her cheeks during the ordeal, but taking the stand insisted that she had forgiven her husband and stated that he had always supported her even though he deserted the family of wife and five small children, the youngest eighteen months of age.

SCHOOL CHILDREN AID PLANS FOR CITY BEAUTIFUL

To make Oakland a city beautiful and to keep it a city beautiful is the plan of the public schools, as announced today in connection with the award of prizes to the winners in the home garden contests. The exercises were conducted at the Lockwood school, East Fourteenth street and Sixty-seventh avenue, at 2:30 o'clock in the afternoon under the auspices of the publicity committee of the Oakland Chamber of Commerce.

The city beautiful plan, which has been evolved by G. L. Hinsley, director of agricultural activities in the public schools, contemplates an ever increasing program of plant and tree planting, propagation and development throughout the future years.

The school children will be charged with carrying out the plan. It will start with the beautification of school grounds, with the ultimate aim of carrying it through this educational means into adult life.

COURSES ADVANCED

According to Hinsley's plan pupils of the sixth grade will be given instruction in proper planting and growing. When those pupils reach the seventh grade they will be given courses in plant propagation. In the eighth grade they will be put to the task of the practical beautification of the school grounds and

eventually be encouraged to carry the work into their homes.

Already practical results have been obtained from Hinsley's city beautiful plan. The pupils at the Hawthorne school have transformed their once barren school yard into a garden. They bought with the money they earned themselves six Hawthorne trees which have been planted in a row in front of the school.

The ground they have covered with ivy, relieved with pansy beds, with a hedge of Shasta daisies on one side and another hedge of red geraniums at the other.

WORK DEMONSTRATED

Hinsley hopes to interest the school pupils in beautifying the small parkways between sidewalks and curbs in front of their homes, and it is possible the city planning committee of the Chamber of Commerce will be asked to outline a uniform scheme.

The exercises in connection with the presentation of prizes at the Lockwood school consisted of a demonstration in garden work by an army of between 400 and 500 young enthusiasts. They poured pell-mell out of the toolhouse and formed a procession to the two-acre plot, on which they raised \$500 worth of vegetables last season.

This two acres they attacked with hoe, rake, spade and plow and began getting it in shape for the fall rains and planting.

A goat show followed and was succeeded by a parade, led by the Lockwood band, first prize winner at the last State Fair. Then came the award of the prizes and a Spanish dance by twenty-five girls of the school.

The exercises were attended by officials of the city and county and by educators from San Francisco and the University of California.

SCHOOL FOR "CARRIERS."
EUREKA, Sept. 29.—Fifty per cent of the 200 pupils in the schools of Scotia, a lumbering town 35 miles from here, have been found to be diphtheria carriers, according to word reaching the county school department here. A special school for the affected children has been established.

POLICE PUZZLED OVER GARMENTS FOUND IN BOX

SAN FRANCISCO, Sept. 29.—A theory that the discovery of a package of women's clothing stuffed into a fish box near the Hall of Justice and later carried to Redwood City, may hide a story of murder was abandoned today by the police after an investigation of all of the available facts. A photograph of an army officer, found with the clothing, was identified by Lawrence Mitchell, 1349 Gough street, as that of Major J. A. Schudder, an army doctor, who served in Siberia.

The police now believe that the clothes were stolen, possibly with other things of more value, and that with the picture it was stuffed into the box by the thief. The photograph, it is held, is that of a friend or relative of the victim of the theft. Frank Barker, driver for a fish company, made the discovery.

France, Brazil Postal Service Is Provided

WASHINGTON, Sept. 29.—Postal service between France and Brazil under the supervision of the French ministry of public works has been provided for by decree of the French government, according to a report from Paris today to the department of commerce.

Mail boats will be operated between Bordeaux, Viro, Lisbon, Rio de Janeiro, Montevideo and Buenos Ayres, sailing every two weeks. Mixed cargo ships will make one round trip a month, touching at Bordeaux, LaCroyne, Oporto, Lisbon, Santos, Pernambuco, Rio de Janeiro, Montevideo, and Buenos Aires.

HUNDRED MADE HOMELESS WHEN 16 FLATS BURN

SAN FRANCISCO, Sept. 29.—One hundred people are homeless as the result of a fire which swept over a half of a block at Octavia and Market streets this morning, destroying sixteen flat houses and endangering the lives of the inhabitants.

The quick action of Patrolmen Mitchell and Seaman saved the lives of many who were sleeping. The officers, assisted by James McInerney, a resident, ran from flat to flat sounding the alarm. No one was hurt. After a battle of an hour and a half the flames were extinguished.

PARIS FOOD BAN LIFTED.
PARIS, Sept. 29.—Restrictions upon the use or sale of milk, candy or pastry were removed by a decree published today by the government.

Misery is upon the war-torn world as it never was before. Want is almost universal in the countries that have been ravished. They call to us from every quarter of the earth for help. They cry aloud, or moan in tones subdued. The gaunt and famished, the lean and weary, the sick and wounded—they hold their outstretched, empty hands toward us, and beg for help.

Don't Dodge
Your Responsibility

Here are the facts:

With \$200 you can save one child's life in eastern Europe for a whole year.

For \$20 you can feed one little girl for a month, even in Poland, where food costs twice as much as it does here.

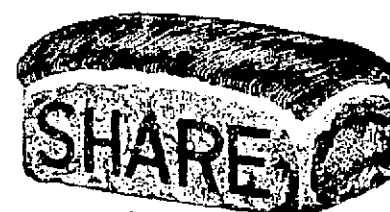

For 25 cents you can buy a ten-year-old boy more food than he has had to eat at one time for the past five years.

There are 6,000,000 Jews in eastern Europe whom the war has left dependent upon America for aid. About 800,000 of them are children.

One change of clothes may save a boy or girl from the terrible typhus epidemic which is raging now in eastern Europe.

Poland is full of children of eight or ten years old, no larger than infants of a few months, who cannot walk, because of lack of food.

There are hundreds of thousands of Jewish children in Poland, Czechoslovakia, Lithuania, Rumania, Siberia and the Orient, left helpless and homeless by the war. Thousands of them unable to get into the already overcrowded orphanages, beg on the streets by day, and sleep on the streets by night.

Men Will Look Better This Season

This season's style is quite different; and many men will be glad, because it is more comfortable and easy looking than the soldier-like models of past seasons.

The new coats have a free swing from the shoulders—the waist line is lower and not shaped in—the vent is shorter and behaves better.

And remember there is art in

the cut of a full coat. It must hang right when you sit or stand—when it's buttoned or unbuttoned—when your arms are up or down. Art in design is what has made the Style reputation of Society Brand Clothes. And all-wool fabrics along with fine hand-tailoring hold these clothes to the lines of the design.

MY HEART AND MY HUSBAND

by MADE GARRISON

(Continued from yesterday.)

They had not come back with the rest of the war workers. Dr. Brathwaite's hospital was one of the last to be closed, and he had been added to the list of those who had been sent to the hospital. He had been sent to the hospital, and he had been sent to the hospital.

A PROBLEM SOLVED.

Even Katherine Bickett—the one who had been sent to the hospital—had been sent to the hospital. She had been sent to the hospital, and she had been sent to the hospital.

She will be here in just one week, she said. "If we all turn in and hustle we will have the house in fit condition to receive them."

Her tone implied that the guests would find themselves laden with dust and germs if they entered the doors of her home in its present state. Her lips twitched, but I heroically repressed the smile which would have been on my face if I had not been so concerned for the guests.

"The next question is—where are we going to put them?" she said meditatively. "Since your father has been here that takes the only guest room."

I flushed angrily, my sanity forgotten. I suppose it was because I had so recently convicted myself of neglect where my father was concerned that I resented this intimation which my mother-in-law did not even take the pains to veil that she would like to have my father give up his room to her guests.

"That will leave but one room free," she said, "and they must have two bedrooms. Why can't your father go with you on your trip? I am sure he would enjoy it, and it would settle everything nicely."

Bride-Elect To Be Feted At Home Tea

Mrs. Frederick Dailam has sent out 200 cards for a tea Saturday afternoon, October 5, when many of the younger set as well as friends of the bride-elect will be invited to the home of Mrs. Dailam.

The betrothal of Miss Bornemann and John Walton Pearson was announced the past week. This fall the bride-elect is to be honored at many social affairs.

One of the largest social affairs of the season will be the private view at the Palace of Fine Arts October 15 of the works of the Old Masters. Many famous collections will be shown, and a large reception and tea will be held upon that date, following the review of the pictures.

Mrs. Richard Layman was hostess yesterday afternoon at tea at her home, entertaining in honor of Mrs. John C. Hyde, who is visiting here.

Friday evening members of an informal bridge club will meet at the home of Mrs. and Mr. Donald Y. Layman in Piedmont. Among those who will play that evening are the Misses Jacks, Tom Bunkers and Mrs. E. A. Robinson.

The French club of the University of California has joined the chapter of the national organization of Alliance Française. They held a meeting recently on the campus to announce a benefit for French orphans, to be given November 5, in the auditorium of the Berkeley high school. Four plays are to be presented—two in English and two in French. The plays to be presented are "The Green Room" by J. M. G. Le Clezio, "The Green Room" by J. M. G. Le Clezio, "The Green Room" by J. M. G. Le Clezio, "The Green Room" by J. M. G. Le Clezio.

A. E. Schofield is general chairman. A. G. Earlhart, business manager; J. T. Montecino, stage manager; A. P. Fox, arrangements; and Miss Evelyn Lewis, publicity; and Miss Marjorie Turner, costumes and scenery.

ENGAGEMENTS TOLD

AT SOUTHERN HOUSES

At the Delta Delta Delta sorority house in Berkeley Monday evening the betrothal of two of the most popular members was announced at dinner.

Early in the evening a large number of guests were brought in, which was concealed the betrothal of Miss Doris Peoples and Curtis Hall Montgomery. At the close of the dinner the betrothal of Miss Ennie Langmuir Booth and Laurence Daniel Sherman was told.

Miss Peoples is the daughter of Mr. and Mrs. George E. Peoples of Dan-

ville, Mo. Mr. Sherman is the son of Mr. and Mrs. Sherman of San Francisco.

Miss Booth is the daughter of Mr. and Mrs. Booth of San Francisco.

Miss Montgomery is the daughter of Mr. and Mrs. Montgomery of San Francisco.

Miss Sherman is the daughter of Mr. and Mrs. Sherman of San Francisco.

MRS. BERGDOLL, FORMER JUDGE FOUND GUILTY

PHILADELPHIA, Sept. 29.—Mrs. Bergdoll, her son, Charles A. Braun, and former Magistrate James E. Romig were found guilty on every count under which they had been indicted. Albert S. Mitchell and Henry Sihuh were acquitted on the indictments in which they alone were defendants, but found guilty with a recommendation for mercy on the joint bills.

On application of their counsel the defendants were released on \$10,000 bail each, pending a motion for a new trial.

There were seven indictments, including 56 counts. In two of the indictments all five defendants were charged with conspiring with Grover and Erwin Bergdoll to assist in evading the draft.

FIVE INDICTMENTS
The other five indictments charged each defendant separately with conspiring with the Bergdolls to evade the draft.

During the trial automobile, hunting and fishing trips enjoyed by the Bergdoll brothers while they were being sought by the government were described by witnesses for the prosecution. It was said Mrs. Bergdoll was present at the start of several of these trips and prepared luncheons to be eaten by her sons and their guests.

Former Magistrate Romig, according to the testimony, was on several of these trips and together with Mrs. Bergdoll, had withdrawn \$105,000 in gold from the treasury in Washington in exchange for bank notes.

CHANGED HIS NAME
Braun, who changed his name because of his brother's activities, was accused of harboring Edwin at his home. Mitchell, an automobile salesman, and Schuch, formerly proprietor of a cafe in this city, were implicated in the furnishing of an automobile for Erwin's use.

In his charge Judge Dickinson said: "It is too much to expect any mother to surrender her own son." Then he added: "But sympathy for a deserter is no excuse for harboring a deserter or aiding his escape."

"The question that faced the jury," he said, was whether the defendants conspired to block the recruiting of an American army by keeping Grover and Erwin out of a uniform.

SUNFLOWER OF OAKLAND MAY BREAK RECORD

The San Leandro sunflower, which measures 20 inches across, and that one in Alameda, the diameter of which is 17 1/2 inches, will lose their place in the sun if the one that is growing in the back yard of H. Stark, 581 Jones street, keeps on at its present rate.

Stark's entry for the world's championship measures 16 inches across and is still growing. It is already as large as a wash basin and is approaching the dishpan class.

"I claim the championship of Oakland," says Stark, who is taking daily measurements of his flower. "If it only keeps on growing there is no telling how many championships I will claim."

**Sons of Washington
To Give Social Dance**
The Oakland Sons and Daughters of Washington will hold a family invitational social and dance in the Jenny Lind Hall, 2229 Telegraph avenue, tomorrow. This will be the first of a series of similar affairs to be held by the organization during the winter.

The mothers' club of the Sons and Daughters of Washington will supervise the family socials. All citizens interested in further fostering the community spirit are invited to attend the social and dance Thursday evening.

Following is the committee in charge of the affair: Mrs. J. C. Snyder, president of the Ladies Auxiliary of the S. D. W.; Miss Laura Gomez, president of the Girls' Social Club of the S. D. W.; Miss Josephine Francis, Miss Gladys Snyder, Mrs. C. Sweeney, Mrs. Laura Oleson, Mrs. Freda Horvitz, Mrs. W. Curley, Mrs. Olive Hughes, Mrs. Dorothy Thiese and Miss Wilma Tinsley.

**Wine Grape Mixture
Makes Good Drink**
BERKELEY, Sept. 29.—Experiments with wine grapes conducted by the department of agriculture at the University of California have revealed that although the juice of the wine grapes alone is unfit for consumption because of its lack of flavor, a mixture of the wine grapes with other varieties will produce an excellent quality of grape juice. The savants declare that by adding the juice of muscadine to that of the wine grapes, enough flavor is gained to make the resulting beverage equal in quality to the juice now sold.

Only one-third need be added to the juice of muscadine to produce this result, they state, and the juice in this form can be preserved for more than a year without fermentation.

Automobiles are Standardized —SERVICE is not

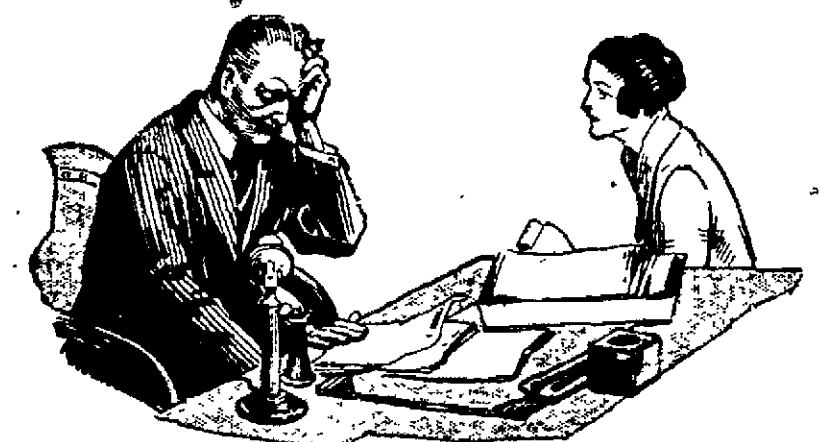

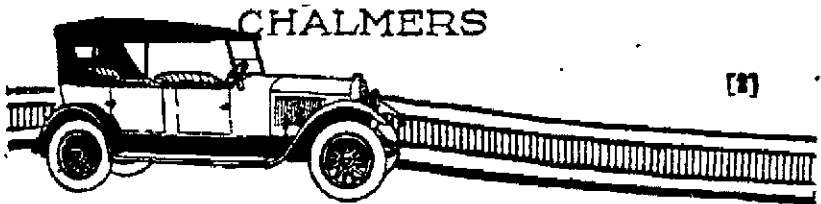

There are many good motor cars. We believe the CHALMERS is one of the best.

But SERVICE? There are about as many definitions as there are dealers. Only CHALMERS owners can appreciate what ROSE SERVICE really is.

And remember—when you buy a car, you buy but one thing—SERVICE.

Old Age Deferred

BY DR. LEE H. SMITH.

Business men who must speed up the works and make business boom during these days—after the war—must recognize the necessity of keeping fit. When mind is befogged, when you have dull headaches or feel logy, when not "up to snuff," keep the bowels free with a mild laxative. In the morning take a tepid sponge bath (cold water may be used if it does not chill), follow with a brisk rub down; a sufficient "setting up" exercise in good air until you are in a warm glow. Have you tried it lately?

Don't let the poisons accumulate in the intestines either, but try a dose of castor oil the first thing on arising, or a pleasant laxative occasionally, such as one made up of May-apple, aloin and jalap, rolled into a tiny sugar-coated pill, and sold in every drug store as Dr. Pierce's Pleasant Pellets. Then a cup of hot water before breakfast, and you'll feel better than a king! If you continue in life thus, you can pass a Life Insurance examination at sixty.

If you wish to prevent old age coming on too soon, or if you want to increase your chances for a long life, you should drink plenty of soft (rain) or distilled water daily between meals. Then procure at the drug store Dr. Pierce's Anuric (anti-uric acid). This "Anuric" drives the uric acid out and relieves backache and rheumatism, as well as kidney trouble. Anuric dissolves uric acid. Try it now!

WATER DIVERSION RELATED AT TRIAL

Up to July, 1919, the diversion of water from the San Joaquin river for the irrigation of rice fields for the year had been 2000 acre feet, according to a statement read from the affidavit of United States Engineer C. E. Grunsky by Attorney Stanley Moore, for the rice growers, in the Antioch water suit trial before Superior Judge A. F. St. Sure today.

In the affidavit Grunsky said that one fourteen-inch pump for every 200 acres was used by the rice men in their irrigation and that it would be easy to figure from this the amount of water taken.

The proceedings dragged today, with many of the attorneys, absent during the reading of Grunsky's affidavit, which took up the entire morning.

Moore introduced testimony to show that the Delta farmers also were diverting a large amount of water from the San Joaquin and Sacramento rivers to irrigate 114,000 acres on the San Joaquin and 109,000 acres on the Sacramento. He said that 58,000 acres irrigated by Delta farmers with water taken from the Sacramento and San Joaquin were non-riparian lands.

TELFER INQUIRY WILL BE DROPPED

SACRAMENTO, Sept. 28.—Edgar Williams, a member of the State Civil Service Commission, announced last night that the commission had determined to probe charges of immorality and neglect against Carleton H. Johnson, ousted head of the State Printing Plant, by State Printer Robert L. Telfer shortly before the latter resigned.

Williams asserted that the commission "will make a thorough investigation of charges against Johnson but will not investigate allegations of immorality and neglect directed at Telfer."

"TRIAL" TUESDAY
Commissioner Williams asserted that Johnson will be forced to stand "trial" next Tuesday.

With the announcement of the commission that the charges against Johnson will be investigated, the State Board of Control and Governor Stephens accusing Telfer of fostering immorality among State Printing Office employees.

Telfer charged Johnson with insubordinate conduct in accusing his superior, and Attorney Chester will argue that the charges cannot be considered unless the petition is examined.

The civil service commissioners take the position that the Johnson and Telfer cases are separate and distinct. On that ground they will refuse to examine the sensational charges against Telfer unless Johnson's attorneys can cite law to show that they are at fault in taking such a position.

NOTED SONGBIRD, 86, BEDRIDDEN, INSURES VOTE

Mrs. Blake Alverson, 86 years old, famous songstress and pioneer resident of California, has requested County Clerk George E. Gross to send a deputy to her home to take her registration in order that she may be able to vote at the November election for Harding.

Mrs. Alverson, who is said to be bedridden, will be carried to the polls Nov. 2.

Gross announced that Saturday, Oct. 2, will be the last day on which voters may register and that his office will remain open that evening until 10 o'clock, and on other evenings this week until nine.

Registration deputies will be at Thirteenth and Broadway and Fourteenth and Broadway until nine o'clock every evening this week.

SCOW RAID BARES BAR AND GAMING

FAIRFIELD, Sept. 29.—Bob Faugier of Benicia has been lodged in the county jail with a charge against him of running a disorderly house.

Faugier was arrested by Constable W. J. Harnet and Night Watchman Manuel Joseph of Benicia, as a result of a raid upon his scow Monday.

Upon the door being opened to the officers, several large games were found in full progress in the main room, and a woman was also found. It is charged.

Another door being opened by the

Exports From S. F. Drop During August

SAN FRANCISCO, Sept. 29.—August was the driest month of the year in foreign trade through San Francisco. Exports were nearly \$7,000,000 less than in July and below any August since 1916. Imports of duty-free merchandise were \$2,000,000 below July and imports of taxable merchandise were only about half of the July figure.

Total exports for the month were \$13,878,683 as compared with \$20,847,721 in July.

The women were ordered out of town, and upon Faugier being released by the local authorities, will be turned over to Commissioner Krull on a Federal charge.

HALF-FARE URGED ON BAY FERRIES

ALAMEDA, Sept. 29.—William J. Locke, city attorney of Alameda, is scheduled to explain the need of a freeholders' election, at the meeting of the Alameda Housewives' League next Thursday.

The members of the league are waging a fight for half-fare for children under 12 years of age on the bay ferry boats. A petition from the organization has been presented to the state railroad commission by Locke and a finding will be made shortly.

Lieut. Pat O'Brien Gets Victoria Cross

LOS ANGELES, Sept. 29.—The British government has awarded the Victoria Cross to Lieutenant Pat O'Brien, American, and formerly a member of the British royal flying corps, it was revealed today.

To receive the medal Lieutenant O'Brien will leave for San Francisco within the next two weeks to meet a special representative of the British government.

O'Brien, whose home is here, formerly resided in Richmond, Cal.

SUGAR PRICE DROPS
SAN JOSE, Sept. 29.—Sugar dropped to 16 cents a pound at the retail stores here today, the lowest mark since the commodity started soaring several months ago. Now that the coming season is about over, grocers were predicting a further decline in the price.

THREAT CAUSES BUILDING GUARD

SEATTLE, Sept. 29.—Crude, printed by hand, and signed "Worker's Friend," a letter warning of an alleged plot to blow up the postoffice and the 44-story L. C. Smith building in Seattle and a financial institution in Tacoma within twenty days, caused the entire federal criminal machinery in this district to start action today.

All the buildings named were placed under heavy guard and agents of the department of justice, the army intelligence bureau, the district attorney's office and postal inspectors, for a time were endeavoring to trace the origin of the letter and identify the writer.

HAS NO PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Warner.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered as though I would die and I was not regular either. I suffered for a year and was unable to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and I can do my housework without any trouble at all. I will always praise your medicine as it does not believe there is a doctor that can do as much good in female weakness, and you may use those facts as a testimonial."—Mrs. LESTER E. WARNER, R. 1, Box 60, Onalaska, Wis.

The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends there is a doctor that can do as much good in female weakness, and you may use those facts as a testimonial.

Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

BABY LOST REST WITH ECZEMA

In Small Blisters All Over Body. Cuticura Heals.

"My baby had eczema all over his body. It broke out in small blisters and he would fret and cry. He would wake up in the night and fuss and scratch, and lost sleep, and his clothes seemed to burn him. I sent for a free sample of Cuticura Soap and Ointment and then purchased more, and when I had used one cake of Cuticura Soap and one box of Cuticura Ointment he was entirely healed." Recommends Chamberlain's Cough Remedy.

Mrs. H. B. Timberlake, Indiana, Pa., had pneumonia a few years ago and it left her throat and lungs in a weak condition and that she has since suffered a great deal from bronchitis. She writes "I learned of Chamberlain's Cough Remedy through a neighbor who had used it with good results. I purchased a bottle of it and was glad to find that it relieved my cough at once." NATION'S WOMEN ELIGIBLE TO VOTE TOTAL 26,500,000

WASHINGTON, Sept. 29.—Figures compiled by the census bureau and other government departments indicate that the number of women in the United States over 21 years of age is 26,500,000, of whom approximately 26,500,000 are eligible to vote in the November election. This estimate makes a liberal allowance for alien women, American women married to aliens and others ineligible.

Exact figures are not available on the number of women over 21, but based on figures from various sources. Census Bureau officials believe, however, that this year at least 1,000,000 of the 5,250,000 foreign-born women in the United States will not yet have become naturalized.

IN ADDITION there were in 1910, according to the census, about 60,000 Indian women, most of whom were living on reservations. Some Chinese and Japanese women ineligible to vote, a comparatively small number of American women married to aliens and barred from voting for reasons. Census Bureau officials believe, however, that this year at least 1,000,000 of the 5,250,000 foreign-born women in the United States will not yet have become naturalized.

LAW AIDS DUCKS IN NORTH DAKOTA

BISMARCK, N. D., Sept. 29.—Wild ducks and prairie chickens are more plentiful in North Dakota than at any time since the state was a veritable hunters' paradise, according to George M. Hogue, secretary of the State Fish and Game Commission. Hogue recently returned from a tour of the northern section of North Dakota, where cheap farm lands are attracting heavy immigration. He found that thousands of wild ducks had nested and raised their broods on the streams and little lakes with which the region abounds, and that they could hardly wait a mile of a mile on the prairie without flushing a covey of prairie chickens.

England Scorns Set Dances for 2 and 1

LONDON, Sept. 29.—"Set dances are dead and will never come back," said the most popular dancer during the coming winter will be the "Two and One," a new combination of the waltz and fox-trot, for which Herman Darewski is writing special music. These are two of the statements attributed to "well-known American instructor" by a London newspaper. In addition, the "well-known American instructor" declared that the tango is due to come back in a strong way, and that the quadrille waltz as danced by our forefathers is also due for a renewed spell of popularity.

2000 Soldiers On Canada Homesteads

CALGARY, Sept. 29.—Two thousand soldiers have been put on the homesteads comprising 450,000 acres in southern Alberta by the Calgary branch of the Soldier Settlement Board since the beginning of 1919, according to the assistant superintendent of the board. For the purchase of land, stock and equipment, \$11,000,000 has been loaned to the soldiers by the federal government. Of this total, \$8,000,000 was paid out in 1919 when the organization and re-establishment of returned veterans were at the height, and \$3,200,000 since Jan. 1, 1920. Of the 2000 men, 1825 settled on improved farms, while 175 homesteaded on raw prairie. Recent investigation shows that almost every one of the soldiers who settled on the home by government aid has made good on his farm and is now an independent and prosperous citizen.

Danish Company Is After Wireless Coup

COPENHAGEN, Sept. 29.—A company formed by leading Danish ship owners has applied to the government for a concession authorizing them to erect their own wireless stations and to take over all wireless business in Denmark. The plan is understood to be favored with the approval of government circles.

INDIANA TAX RAISED

INDIANAPOLIS, Sept. 29.—The State Board of Tax Commissioners today increased the state tax 1/4 cent from 15 cents to 15 1/4 cents on every \$100 of taxable income. The four-cent increase, it was estimated, will add more than \$2,000,000 to the state coffers.

LIVERMORE RODEO PLANS TO BE LAID

Officers and directors of the Livermore Rodeo Association will be guests of the Trade Extension committee of the Oakland Chamber of Commerce at luncheon tomorrow in the Hotel Oakland. The meeting

has been called to discuss the rodeo of 1921 and consideration of the project is being taken up this early, the Livermore men say, because already it has grown to such dimensions that they require help and advice from Oakland. According to the promoters of the rodeo, although but two years old, already has established itself as the leading event of its kind on the Pacific coast and is running a close second to the famous Frontier Days of Cheyenne. Following the luncheon the Livermore men will be guests at the base-

ball game in the Chamber of Commerce box. The guests will be: Joe Aurecoches, stockman, president of the Livermore Rodeo Association; M. G. Callahan, secretary, Livermore Rodeo Association; John McGilchey, president Stockmen's Association; Joe Concanon; George Oakes, publisher, Livermore Journal; Mattland Henry, publisher Livermore Herald; John McGowan, president of Livermore Chamber of Commerce; George Beck, Joseph Sweeney, Henry Eupers; H. S. Gudell, cashier First National Bank; Charles Smith, cashier Bank of Italy.

FORMER CHIEF OF VIGILANTES DIES

SAN FRANCISCO, Sept. 29.—After fifty years of California citizenship which began as a pioneer and member of the executive committee of the Vigilantes, ninety-two-year-old W. W. Montague is dead today at his ranch, the Riverside Farm, at Agnew, Santa Clara county, from heart failure.

Montague was born in Casnovia, New York, and left his birthplace in the early fifties for California. He was a lifelong Republican of the old line and served in the development of San Francisco as postmaster for two terms.

In his earlier days he was connected with John V. Smith, stock manufacturer, and also spent some years engaged in mining. He was a member of the executive committee of the early Vigilantes which ran down the notorious cowboys, Crooks and Cops.

Later, he formed a partnership with S. Morris Lock for the manufacture of stoves and kitchenware, and after Lock dissolved the partnership twenty years ago, Montague continued in the activities of that business until September, 1917, when his health began to fail. Heart trouble has been the cause of his recent decline.

Montague's lodge affiliations included the Oriental Lodge No. 144, P. and A. M., the California Chapter, California Commandery No. 1 (Knights Templar) and he was a member of the Pacific Union Club and Loyal Legion, an early member of the San Francisco Chamber of Commerce and former president of the Gasparville Lumber and Lumber Company. He leaves a nephew and a niece.

Standardization in Plumbing Is Urged

John Eustace, chief-plumbing inspector for Oakland, was the speaker at the meeting of the Master Plumbers' Association of Alameda county at its meeting Monday evening. He told of the work of the recent national convention of sanitary engineers in St. Louis which he attended.

"Half the cost of freight could be saved on plumbing material if factors were always located near distributing centers," Eustace said.

He further said that all buildings should have their plumbing inspected every few years and that into technical details concerning types of pipe and the rapidity and cause of deterioration. Milk and ice cream wastage, he said, is the most destructive type of material to pipes. Eustace urged the standardization of municipal plumbing ordinances all over the nation.

Union Denounced, Printers Walk Out

ELBERFELD, Germany, Sept. 29.—The composers of the Bergische-Maerkische Zeitung here refused to put an editorial in type in which the editor, under the caption "Sabotaging the Constitution," criticized the methods adopted by the Printers' Union.

The publisher of the paper notified the typographical union that he approved their procedure which, he said, was tantamount to a censorship exercised by technical employees, and calculated to establish a dangerous precedent for the publishing interests in general. The composers thereupon walked out.

Weight of Money Makes Girl Drown

NEW YORK, Sept. 29.—Eva Reattie, a pretty twenty-two-year-old girl, who was being detained by the immigration authorities on Hoffman Island following her arrival here in the steamer of the Kaiserin Augusta Victoria, was drowned in an attempt to save her sister. Both the young women were in swimming off the island when she shouted for help. Eva tried to get to her, but sank. The sister was saved by rescuers. It is believed that a considerable sum of money in specie which Eva carried about her dragged her down in the water.

Pair Start to Prison Right After Hold-Up

EMPORIA, Kas., Sept. 29.—Five hours after they had attempted to hold up Thomas Kelly, cashier of the Neosho Rapids (Kas.) State Bank today, two men, who gave their names as "Jones" and "Smith," were on the way to the state penitentiary to serve indeterminate sentences of ten to twenty years each. The attempted robbery took place at 7 a. m., when Cashier Kelly arrived at the bank. They were arrested at 9 o'clock, taken into court and sentenced at 11 o'clock and at noon started for the penitentiary.

Hood's Sarsaparilla Makes Food Taste Good

Creates an appetite, aids digestion, purifies the blood, and thus relieves scrofula, catarrh, the pains and aches of rheumatism and gives strength to the whole system. Nearly 50 years' phenomenal sales tell the story of the great merit and success of Hood's Sarsaparilla. It is just the medicine you need now. Hood's Pills help—fine cathartic.

St. Andrew's Church Will Hold Bazaar

A bazaar for the benefit of St. Andrew's Catholic Church will be held Friday and Saturday evenings in Liberty Hall, corner of Thirty-sixth street and San Pablo avenue, at which a number of attractive booths

in charge of women and girls of the parish are planned. The committee in charge of the affair consists of Mrs. William DeRose, Mrs. C. J. Donovan, Mrs. John Winters, Mrs. A. L. Charron, Mrs. M. E. Federer, Miss Bernice DeRose and Miss Anna Zaveretti. A doll booth will be in charge of Mrs. L. A. Pardee and a refreshment booth will be supervised by Mrs. R. H. Sheridan.

Musical programs will be presented both evenings. Rev. Father Lawrence Murphy is pastor of the church. **PLAN BOOST BANQUET**
LOS GATOS, Sept. 29.—Plans for a great community banquet for businessmen to be held during the latter part of October were announced at a meeting of the Los Gatos Merchants' Association last night. C. F. Hamsher, E. B. Place and E. S. Beckwith were appointed a committee to make the arrangements. An outside speaker with a message of importance for local businessmen will be engaged.

"Life for Those in the Shadow of Death"

HAD I TAKEN CALOMEL
I WOULD BE SICK, WEAK NOW

But I took "Dodson's Liver Tone" Instead and Feel
Grand—Calomel Nauseates—Salivates!

Every druggist in town has noticed great falling off in the sale of Calomel. They all give the same reason. "Dodson's Liver Tone is taking its place."

"Calomel is dangerous and people now if" Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much, but if it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't grip or cause inconvenience all the next day like violent Calomel. Take a dose of Calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day.—Advertisement.

tank of gasoline holding 11½

WHAT WILL THEIR MILEAGE AVERAGE?

Each Essex tank holds 11½ gallons of gasoline.
Each Essex car is stock throughout.

The names of the owners of the three cars that will participate in the run will be published in the Oakland TRIBUNE and in the Berkeley Gazette next Friday. It is possible that you may know one or all of them personally. We suggest that you confer with them and form your own idea as to their mileage and economy of operation. Then make your guess on the coupon appearing herewith and either bring or mail it to us.

HOW CONDUCTED

Any bona fide resident of our sales territory, comprising the cities of Oakland, Berkeley and Alameda, is entitled to one guess for the gasoline prizes.

To assure residents of this district of fair play in the contest, no "phony" or fake guesses will be considered and no resident outside the district will be permitted to participate. We will recognize only those sending or bringing in their full names and proper addresses—

As this contest will be conducted under the direction of Major Vulte of the U. S. Marines, all coupon guesses will be submitted to a "Board of Award" consisting of the major and the four U. S. Marine observers.

After checking the records made by the cars, the winner of each of the three prizes will be officially announced in the Oakland TRIBUNE and in the Berkeley Gazette the week following the contest.

DUPE OF BUNKO BUYS L. A. JAIL

LOS ANGELES, Sept. 28.—Peter Garcia, San Fernando rancher, is in the county jail charged with assault with a deadly weapon. Peter is as a child concerning knowledge of the ways of this world. But he is today sadder and wiser, though he still retains a somewhat vague idea that he is the owner in fee simple of the county jail and all the appointments thereto.

The story is:
Peter, a man somewhat late in years, became a prisoner after he had whacked a fellow countryman over the head with a pick handle. He was still in a belligerent mood when the jail door clanged. He speaks no English, and jailers sought among the other prisoners an interpreter. A convicted bunko artist offered his services.

With much gusto Peter talked: "He wants to know what place this is?" explained the B. A.

"Tell him it's the Hotel Cline," said a humorously inclined turnkey, "and take him over in the corner and keep him quiet until we get time to book him."

Half an hour the B. A. held Peter enthralled with oratory. Came a lull, and Peter arose with an air of proprietorship and started to stroll on a trip of inspection. A jailer grabbed him. Fire flashed in Peter's eye and he exploded with a roar of Spanish invectives. The B. A. grinned delightedly.

"He says you're fired," explained the B. A. "You see, things are kind of dull in here, so I explained to Pete about all the advantages of Hotel Cline, about the boarders and the profits, and I've sold him the whole works for \$250. He thinks he owns it. Here's an I. O. U. I made him sign. You can have it because I'd have an uproarious time collecting it. I just wanted to keep in practice."

The Letters of Tessie and Joe

Joe is a traveling salesman. Tessie is his loving wife. Follow their letters in **THE OAKLAND TRIBUNE**.

DEAR JOE:

Your letter came just as the butcher boy began knocking at the back gate, but let him knock till I finished your letter, which will show you how glad I always am to hear from you, though strictly speaking by that time he had stopped knocking and was kicking with all his might, and as he is a big strong boy with unusually powerful feet he partly unloosened one of the hinges of the gate, so that will be another little job for you the next time you get home.

I second your motion in what you say about necessities now being on the same par with luxuries. Your mother was here for supper last night (you know I'm always delighted to see her at reasonable intervals) and I had corn beef and cabbage, and do you know, Joe, the luxurious smell of it arising from the luxurious price I had to pay for the raw materials made me think of the time I used to apologize for the smell of cooking whenever I boiled corn beef and cabbage. Whereas yesterday, even though it was rather chilly, I opened all the windows to give the neighbors a sniff of our prosperity.

I had a postal yesterday from my Cousin Grace. She's still on her honeymoon and the postal showed Niagara Falls in action. I wonder why so many young married people insist on seeing all that water? I suppose it's just one of those phenomena that it's no use trying to explain. I should think it would remind them of the cruel cold shower bath of awakening that's waiting for them when they get back. Nothing personal, Joe. By the way, Grace's husband is an insurance man, but he used to be in the liquor business before Prohibition. Grace said he left a fine future behind him.

Baby is well and don't give me any trouble except when he tries to eat his bed clothes at night and wakes me up with his loud chinking. But bless his little heart, I don't hold it against him. He gained eight ounces last week on the ice scales.

Astor Office On the Thames to Be Sold

LONDON, Sept. 29.—The Astor office on the Thames embankment is to be sold at auction. The office is described as a treasure palace costing about \$1,250,000, in which a multi-millionaire kept his business records and at the same time allowed his artistic tastes full scope.

Built of gray stone in the Tudor style, it is almost as impenetrable as a fortress. One of the most interesting apartments in the building is the bedroom prepared for the late Lord Astor. For many years he invariably used this when he was in London. The late Lord Astor managed his American estates from the office.

Bandits Hold Ashes Of Dead for Ransom

BERNE, Switzerland, Sept. 28.—Thieves broke into a crematory situated in Dienne near Berne, a few miles from the city, and stole a few sepulchral urns containing the ashes of members of wealthy families.

Prominent families of Berne and Zurich are receiving letters offering to return the urns for a consideration varying between 2000 and 4000 francs, according to the financial standing of the owners. The police hope to lay a trap for the thieves.

Pocket Still Taken In Revenuer's Raid

ASHEVILLE, N. C., Sept. 29.—A pocket still is the latest device captured by federal prohibition officers. Agents working out of the local office recently captured such a miniature still near Saluda. The whole outfit was so small the officers put it in their pockets and brought it to the city for exhibition purposes. The still was about one table-glass capacity and manufactured an article for home consumption. It was said by officers that the still was complete to the smallest detail.

Coffee Sets Record In First 'Dry' Year

NEW YORK, Sept. 29.—More coffee was drunk in the United States in the year ending June 30, 1930, than in any previous year on record, according to figures made public by the National Coffee Roasters' Association. The period coincides with the first year of prohibition.

The total coffee consumption in continental United States for this period was 1,355,000 pounds and the per capita consumption 12.7 pounds. This is an increase of 359,000,000 pounds and a per capita increase of 3.71 pounds over the preceding twelve months.

MAZOLA

Many cooks can't make a light cake rich or a rich cake light

USING too much shortening is the cause of most failures in baking.

Mazola gives richness and avoids soggy.

Because you use 1/4 to 1/2 less of Mazola for shortening than butter, lard or compounds.

This means more than economy. It means a rich cake—yet a light cake—easily digested. Crisp, flaky pie crusts are likewise

made with Mazola. Many an inexperienced housewife made her first successful pie crust when she tried Mazola.

Mazola is not an animal fat. It is a pure vegetable oil—from an edible source. It contains no moisture but is all fat—100%.

Once you try Mazola for making cakes and pie crusts you will never go back to butter, lard or compounds.

WEDNESDAY, SEPTEMBER 29, 1920.

EXECUTIVE REPUTATION.

The day following President Wilson's announcement that he would not abide by the law and carry out the instructions of Congress contained in the merchant marine Act that the restriction of foreign treaties against according preferential treatment to the American merchant marine and cargoes carried in it, THE TRIBUNE pointed out that the President's reputation of the law was cause for impeachment. Since then Hon. Hannis Taylor, one of the most distinguished legal authorities in the country, has compared the President's act to those of James II and George III and other reigning dictators. Others, including Senator Jones of Washington, author of the merchant marine law, have been aroused by the open and shameless repudiation of Congress and the law it enacted.

The President pretends to find an excuse for his action in the failure of President Hayes to conform to the instruction of Congress regarding a China treaty. The Chinese treaty did not contain a provision which prevented the United States from protecting its own domestic interests. Treaty stipulations which prohibit the extension of preferential tariff duties and transportation rates on cargoes carried in American bottoms are inimical to the economic welfare, even to the national defense, of this country.

President Wilson's adviser might have referred to the expressions of the United States in getting the treaty with Russia in conformity with a joint resolution of Congress. Our complaint against Russia then merely was that her treatment of the Jews, in Russia, offended our sense of justice and the better instincts of humanity.

Any treaty between two governments may be abrogated. The treaty lays down the procedure—notice of abrogation may be given within a specified period, six months or a year, as the case may be. Congress has enacted a law providing that unless a foreign maritime nation does not consent to waive treaty provisions which prevent the American merchant marine from enjoying the same advantages which the foreign nation party to the treaty enjoys, notice of abrogation shall be served. The mandate is clearly worded and its purpose cannot be misunderstood. The sentiment of the people of the United States is with Congress in the determination to preserve and foster the new merchant marine.

But Great Britain objects to the law. Japan objects to the law. The merchant ships of both these countries enjoy greater advantages under government than the Jones law seeks to bestow on American vessels. But Great Britain and Japan object to the American merchant ship being given a chance on the high seas—these seas the freedom of which was to be established at Versailles.

And President Wilson will not override the objection of Great Britain and Japan. His own country does not count for much in his scheme of statesmanship nor in his comprehension of his official duties.

THE SCANDAL IN BASEBALL.

Just at a time when baseball is ready to stage its annual classic, the world's series, eight members of one of the strongest teams in the American League have been indicted for alleged crookedness in the series of a year ago. It baseball were at heart dishonest, if the men who are in control of the game were in league with the element that would ruin it, such an exposure would mean not only the failure of this year's classic but the death of the organized game.

The eight men were indicted at the instigation of the management of the Chicago White Sox. Their being called before the grand jury and the disruption in the ranks of the team caused by their exposure has taken from Mr. Charles A. Comiskey's team the last remaining chance he had of winning the pennant. With a margin of but one game between the leading team and his own, the Chicago manager has ordered the suspension of all of the indicted men. The "Old Roman" wrecked his team for the game's sake; no man could do more.

Because of the uncertainty of result and the appeal to blind and expert speculation, baseball

offers a fertile field for the professional gambler. Those in control of the game have sought by every means to keep it clean. When they have found the gambler entrenched in one city or another they have published the facts and have aided in the punishment of the offenders. If players have been found guilty they have been barred from playing in any organization deserving the name of a baseball club.

The exposure in Chicago does not prove that baseball is dishonest. Rather it would prove that baseball is determined to defeat the gambler and the crooked player, even if it must go so far as to sacrifice world's series receipts.

The public that has demanded that baseball be kept above reproach will join with Mr. Comiskey and with organized baseball in general in the desire to see that those players who betrayed the most priceless possession of a great American institution be punished, and that there be no lessening of any of those measures by which the gambler may be barred from exploiting the game.

THOSE WHO MENACE THE HEALTH.

A small group of residents of Berkeley are making themselves quite conspicuous by their opposition to the orders of the officers of the city and State charged with the enforcement of the laws for the conservation of the public health. It is made to appear that half a dozen young high school students object to examination by the health officers to ascertain whether they are carriers of diphtheria germs and have defied quarantine orders.

These students were sent home from the school with orders to remain at home until they were willing to submit to the health regulations. They returned to school repeatedly and finally were arrested and brought into the juvenile court, where they were released on their own recognizance until trial Friday.

Of course, no one acquainted with the case thinks that the spirit of these school children is originally and ubiquitously opposed to good order and observance of proper regulations for the public welfare. There should be brought into court for stern punishment, if the law permits it, the parents who have permitted and directed the scandalous conduct of these children.

A plot to violate the laws and by violation break down the system of public protection founded on the laws is venal and reprehensible regardless of where or by whom it is staged. The scandalous antics of the Berkeley high school students represent such a plot. The real offenders are in the background, but the school children actually committing the offense should not be treated leniently because of that.

The main purpose should be to uphold laws enacted for the protection of the public. Violation should not be tolerated; a stern lesson should be taught in the Berkeley episode.

TRUTH CONFIRMED.

Mayor Bartlett of Berkeley, who has been one of the active participants in the latest agitation for a special freeholders' election alleged to be in the interest of city and county consolidation, has described his attitude in a prepared statement published in THE TRIBUNE of Tuesday. We quote Mr. Bartlett verbatim:

"As you know, freeholders are about to be elected to frame a charter for a city and county government of Alameda county and a charter will undoubtedly be presented within the next year. Should it be accepted by our city our present scheme of government will go out of existence, and should it be rejected by Berkeley and accepted by Oakland then Berkeley will undoubtedly frame a charter for a consolidated city and county government of its own.

The indication is by THE TRIBUNE. Mayor Bartlett is wholesomely frank. He states the exact truth about the dangers that lurk in the plot for alleged consolidation—county division, a separate city and county government of Berkeley. County separation is the hope of certain Berkeley officials and other leaders who have displayed conspicuous friendliness toward the agitation for consolidation. Only by the failure of a county consolidation proposal to carry in Berkeley would that city be placed in a position to vote on the question of separation.

The James Gordon Bennett cup airplane race in France this year was devoid of interesting results, and compared to the contests held before the war was a distinct disappointment. Only two machines finished, the French Nieuport piloted by Lecointe and the British Martinsyde driven by Raynham. And they were the only contestants that made any serious show of finishing. The two American entries—an army model by plane and a Dayton Wright monoplane—were forced out of the race in its early stages. If this contest was a real test of mechanical worthiness and skill in operation the United States has not profited much by her war experience and the expenditure of over a billion dollars in airplane designing and construction.

Bakersfield reports the finding of a pigeon wearing a metal case, containing a message from a German officer requesting reinforcements at a fighting sector. Luckily the pigeon was dead—having flown into a high tension wire. Otherwise it might have been hunted down as a deserter, taken back to Germany and court-martialed. To run away to the enemy while bearing military orders is one of the worst crimes a soldier can be guilty of.

NOTES and COMMENT

Those who go wrong with money are prone to locate the blame elsewhere than in themselves. A San Francisco forger laments his manipulation of spurious checks to prohibition and the resultant high price of booze. If he is devising an argument against prohibition he is likely to have difficulty in getting it across.

Detective Burns thinks the New York explosion was planned in Moscow. The detective has been investigating for private clients. Added to his reputation as a crime ferret is the general appearance of an anarchist bent to lead probability to the idea, and Moscow is an anarchistic nest.

Governor Cox has worked his way back as far as Nebraska. It might be suggested that this is the psychological time to have it out with Bryan, whose campaign lechery has been very noticeable.

California has moved up to seventh place in the Sisterhood of States, shoving aside Missouri, whose gain in population was only 2.7 per cent. All the announcements have not been made and there is just a possibility that California will go still higher.

The Byron Times doesn't doubt the story, but comments "Professor S. T. Pope of the University of California has returned to Berkeley from the Yellowstone Park with hides, feet and heads of seven grizzly bears he claimed he killed with a bow and arrow. Five of the animals were each slain with one but, if his tale is true, and the victims seem to attest his prowess, the professor is 'all same injun,' all right."

Texas is noted for surprises. A district judge has denied women the right to sit as jurors in murder cases. It may be wondered that any woman should consider it a boon to thus exercise the newly conferred suffrage but the refusal has been applauded from.

Senator Ross hasn't made the religious less strained by the declaration that the President has rendered our friend, the republic of China, to our antagonist, the empire of Japan. The declaration is not exact. The empire of Japan is not our antagonist—at least, not yet.

Fraud is now charged in a Missouri election. The political atmosphere is murky in that state. It will be remembered that some doings there—in which, by the way, he was not discredibly involved—was the undoing of Governor Lowden as a presidential candidate.

The Modesto News observes that "some of the time citizens get real excited when they were told the stand jury was going to prove something." "Once upon a time, perhaps, but not now."

The Tracy Press says something. "Some of the alleged weekly rest day bills are already sticking their heads up out of the political grass in a number of states and will blossom at the next session of various legislatures."

The Searchlight tells of an unaccountable "misadventure." A Redwood man, who is trying to write a poem about Mr. Cox, can't find a word to rhyme with "Cox except socks."

SPIRIT OF THE STATE PRESS.

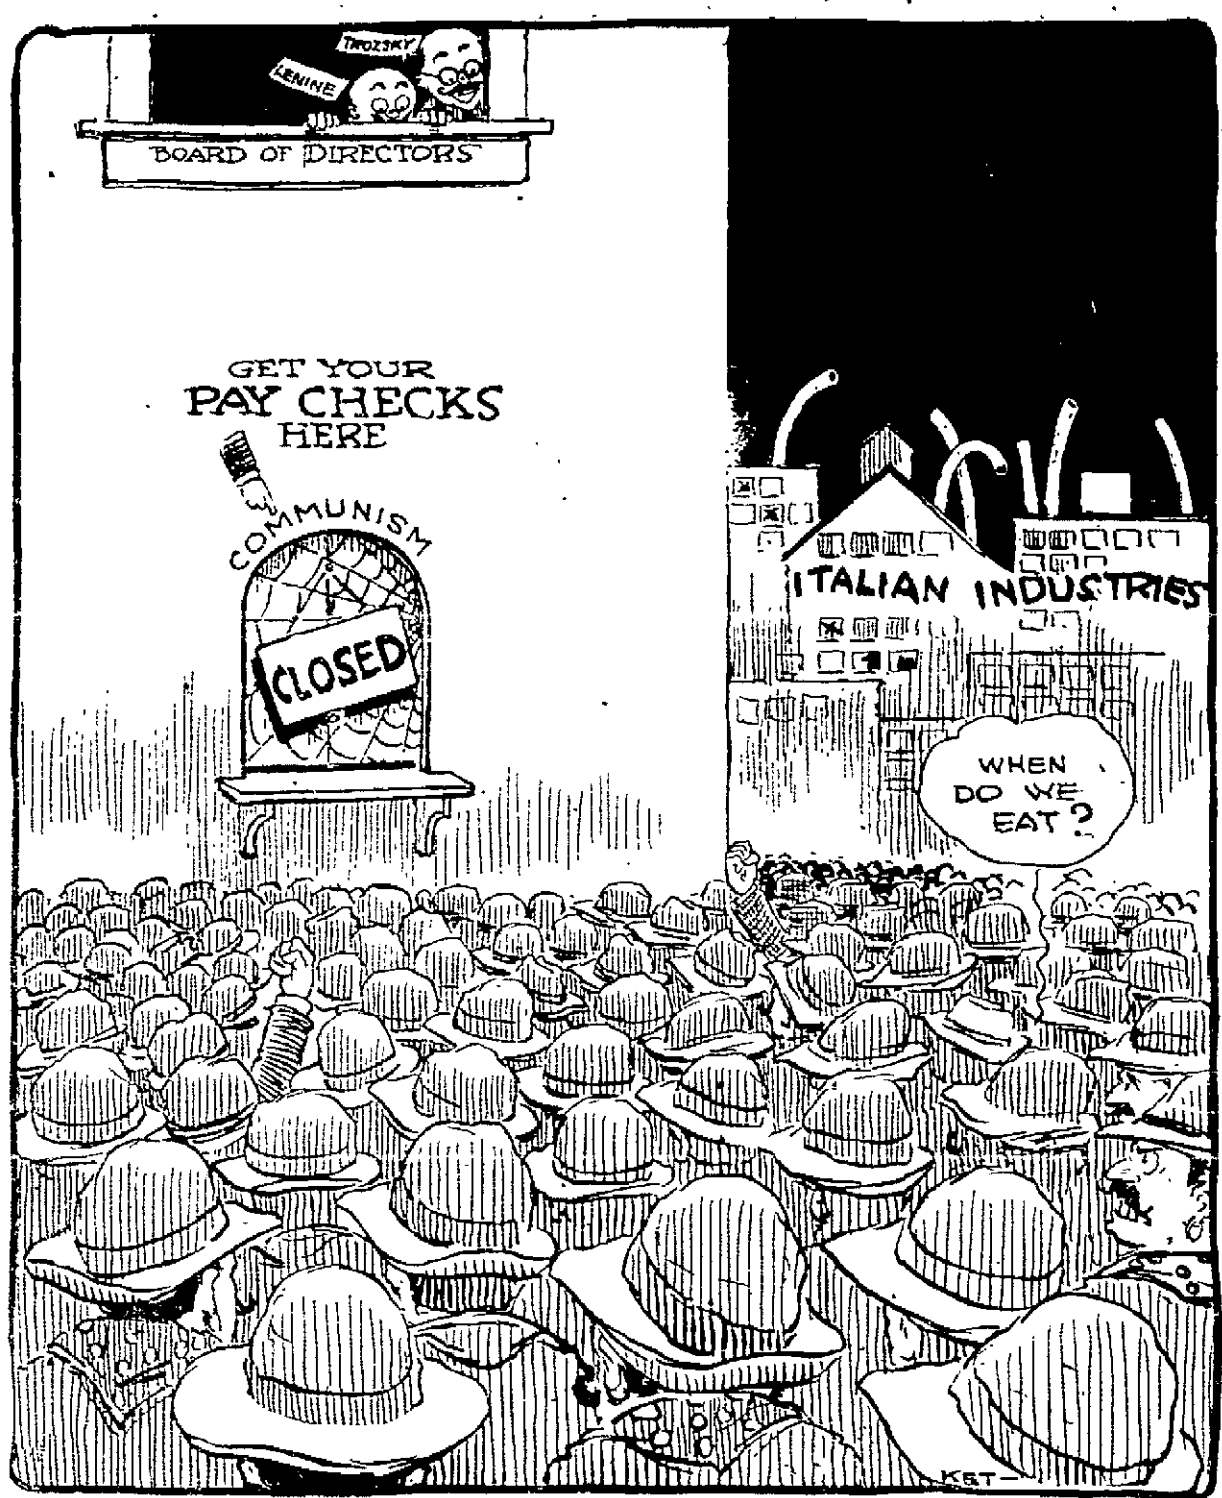

Word has been received that the Shipping Board vessel May has arrived at Manila and that the ship's officers are highly pleased with the performance of the turbine "which had been repaired at Mare Island just before she sailed. This is particularly gratifying, as the machinery was so badly damaged by the collision with the Japanese ship that it was believed to be beyond repair."

Jack Martin in the employ of the Hertz Company, has been offered the opportunity of a trip to the South Sea Islands, Japan and China, Australia, North and South America in the interest of the company. The fact that he has accepted the offer is a good advertisement for the company. When Governor Cox was in Reno, Jack was frequently mistaken for him, one lunch cheering him as he passed along in an automobile. (Reno Times-Tribune)

The court has made an order authorizing J. M. Rimes, executor of the will and estate of Margaret Mathews, to recall the Harbor Springs property. The property had previously been sold to James J. Griffin for the sum of \$10,000 and the purchaser has failed to live up to the terms of the sale. (San Francisco Courier)

An interesting local item is that the Booth-Ten people, on River Island, are shipping tomatoes to the Beach canneries at Pittsburg. As indicating the uncertainty of the times and the probability of an all-around break in commodity prices, it is worthy of note that although early season contract prices were around \$29 per ton, the price now being offered is only \$12. It is evident that cannery people have reached the peak of high prices has been reached and passed.—Rio Vista Banner.

SATURDAY NIGHT IN ITALY

THE FORUM

The Editor of THE TRIBUNE declines to accept responsibility for opinions and statements expressed in this column. Brief contributions on current topics of general interest are welcome. They will not be accepted as a rule, but will be accepted if accompanied by the name of the writer, which, if desired, will be withheld from publication.

To the Editor of The Tribune:

Thoughtful citizens sympathetic with you in your efforts to thwart the civil service scuttlers at the city hall. THE TRIBUNE exposure is timely. Some time ago that great American, Theodore Roosevelt, had something to say upon the subject of the Merit System versus the Patronage System. His words may be applied to the present situation. They are as follows:

"As a rule, however, the opponents of the reform neither argue intelligently against it nor propose any substitute, but confine themselves simply to simple misrepresentation and abuse. It is, of course, the kind of measure which especially arouses the ire of the cheaper variety of demagogue—the man who naturally opposes any measure to promote honesty and decent government. Such a man has no complaint enough to be ashamed of avowing that he wishes to pay off his private political debts by higher, at the public expense, in the shape of offices, and is both too coarse-minded and too dull-witted to feel the scorn with which he and his antics are regarded by all upright and honorable thinking men. No argument is too flimsy or too contemptible for him to try."

"A system which opens the public service to all men, of whatever rank of life, who prove themselves most worthy to enter it, and which retains them in office only so long as they serve the public with honesty, efficiency and courtesy, is in its very essence democratic; whereas on the contrary, the spoils system—which still obtains in most European kingdoms, and reaches its fullest development under the despotic government of Russia—is essentially undemocratic in that it treats the public service as the property of the whole people to be administered solely in their interest, but as a bribe for the benefit of a few powerful individuals, who use it purely in the spirit of personal or political favoritism. It is among the most potent of the many forces which combine to produce the ward boss, the district leader, the boodle politician and all their base, and obscure kindred who in our great cities are ever striving to change the government from an honest democracy into a corrupt and dishonest oligarchy, wherein only the life and dishonest shall rule and hold office."

"The merit system is the system of fair play, of common sense, and of common honesty, and therefore it is essentially American and essentially democratic."

A. FREDERIC
Oakland, September 25.

To the Editor of The Tribune:

Yesterday while taking my morning walk with half way around Lake Merritt up over the hills to the power house and down through Treble Glen, I could not help exclaiming, "How beautiful." How beautiful the people of Oakland are to have such a beauty spot so close to Lake Merritt, and nestled right among the residences for families, children and all young and old to the benefit of.

Continuing my walk I approached the attractive entrance to Treble Glen, with its lawn and flower gardens in front of the high and artistic iron fence and iron gates. I noticed some surveyors at work and greeting them with a "good morning!" and "What's all this?" was informed that they were surveying the land preparatory to laying it

out into building lots. And then I could not help exclaiming: "What a pity!" "What a shame!" that such a beautiful natural park should be destroyed. "Why, before many years it would be worth millions to the people of Oakland." The surveyor replied, "That is so. It is a great pity, but the owner has carried it for over ten years, and paid interest and taxes on it for all that time, and what else can he do?" Isn't there something that can be done to save this beautiful landscape for the people of Oakland to use and enjoy?

HEALTH and HAPPINESS

Thorough Individual Study
Demanded for Each Epileptic

By Dr. LEONARD K. HIRSHBERG,
A. B., M. A., M. D.
(Johns Hopkins University.)

The successful operations on the brain of epilepsy patients performed by Dr. Walter E. Dandy of Johns Hopkins University, and by Dr. Curtis Burnham have now been verified by a number of other surgeons. When a definite set of muscles are affected in the epilepsy spasms, seizures, attacks, fits, convulsions or loss of consciousness, as it may be called, the disease can often be traced to some lesion of the section of the brain whose nerve fibers lead to the tongue or fingers. In other words, the first cure on record of an epileptic who lost consciousness during the attack was triumphantly brought to pass by Dr. Dandy.

He had an 8-year-old boy sent to him for observation. Each fit began with the twitch or tremors or convulsions of the same fingers or limbs. This led to a search for that spot in the opposite side of the skull where the brain fibers going to the affected fingers are most closely bunched. Besides those successfully treated by Dr. Dandy's operation, and the patients upon whom Dr. Burnham used radium insertions, several other victims of epilepsy, it seems, have been relieved of all danger of any more fits.

To be sure, it is not every type of an epileptic to whom this new discovery may offer hope. The patient who is subject to fits ought to be brought to some good physician for a complete study. The tone, elasticity and strength of his muscles must be measured, not guessed. The activity and behavior of his stomach and intestines must be analyzed chemically and biologically. Measurements and tests of his skull, ears, nose and throat are to be made to add to the available facts.

The blood, saliva, kidney fluids, gastric juice, intestinal waste, perspiration and lymph are to be sent through microscopic, biological and physical examinations. Then the spectroscope, radioscope, electrocardiograph and other instruments of precision will yield still more objective facts.

When the doctor has these different, real objective facts put together without any theory or bias, he may add them together and arrive at a judgment without being wrongly influenced. In this way, the hitherto untold thousands of epileptics in the United States can be given the help they so long needed. The numerous epileptics whose mental condition has been neglected can be saved from the intellectual deterioration, which is too frequently the result of mere medical administration.

JEWISH RELIEF FUND CAMPAIGN TOTALS \$31,468

Response to the appeals for aid in the campaign for Jewish relief is declared by the committee in charge to reflect a unity in community endeavor not even surpassed in war days. Pledges to raise a sum that will take food, clothing, a decent living, and sunshine into the lives of the European Jews the various sub-committees of the organization report that Oakland is alive to the pressing needs. Particularly successful has been the woman's committee under Mrs. Ben Mosbacher. From the many small collections on the streets a considerable sum is being raised.

The total so far collected is \$31,468. Among the recent contributions of \$100 or more are:

Mrs. Elizabeth Chambers	100

WHISKY, COINS AMONG STOLEN THINGS SUED FOR

Demanding damages to the amount of \$379.25 from the Claremont hotel for the loss of sapphire crosses, amethyst and pearl la Valieres, a bottle of old Crow whisky and many other valuables which she alleges were stolen from her room March 28, 1919, Emmeline T. Spring, divorced wife of Henry M. Spring of San Jose, appeared in the superior court today before Judge Joseph Koford to testify to the value of her losses.

Among the valuables which caused much dispute between Mrs. Spring and the hotel were 17 antique British and French coins. Mrs. Spring was required to identify the coins stolen by description. The hotel contends that the plaintiff was notified that unless she placed her valuables in the safety deposit vault that the Claremont would not be responsible for them.

HELEN and CASSON FERGUSON, two clever stars of "THE MUTINY OF THE ELSINORE." JACK LONDON'S great play at the American.

Remarkable Coincidence Creates Much Discussion
Among Picture Makers in South

Two Fergusons, Helen and Casson, are co-stars in "The Mutiny of the Elsinore," the Great Jack London story at the American. The peculiar part of it is that there is no relation and in fact met for the first time in the rehearsals for the big photoplay feature. Both, however, had been in film productions many times and are established stars. Casson Ferguson was the son in "Madame X" with Pauline Frederick, and Helen Ferguson has appeared in many noted plays. Besides the Noah Beery star of "The Sea Wolf," and other notable names in the cast, Mitchell Lewis, star of "Burning Daylight," plays the leading role. "Homespun" folks, the great Thomas Ince super feature, is the other feature of the double bill at the American. John Wharry Lewis and his orchestra offer a specially interesting musical setting. State Democrats Pay Handley Tribute

Out of respect for Lorin B. Handley, a member of its body, the Democratic State Central Committee has given out from San Francisco a memorial resolution which reads:

"Whereas, for many years past Lorin Handley has faithfully, conscientiously and well served the Democratic party and has been a recognized leader in political and civic affairs, having for his purpose righteousness, uprightness and the best interests of the people of the State of California; and

"Whereas his sudden and untimely demise will leave a great void in the councils of our chosen party and in society at large; therefore

"Be it resolved, that the Democratic State Central Committee express its profound sorrow at the loss of our beloved associate, able counselor and true and loyal friend."

ALL'S READY FOR 'MERRY WHIRL'S' BIG SPECTACLE

Tomorrow's the Big Night—the first Big Night of three Big Nights. The "Merry Whirl of 1920," with its streets of Bagdad, where Haroun-el-Raschid was mayor or something a thousand years ago, will spin its merry length in the most exciting spectacle ever staged on the east side of the bay. And for pithy and beauty of costume, Shubert's will have to look up, say the critics who glimpsed the rehearsal on Monday night.

And today the auditorium is a scene for the production, the stage trappings commensurate with the sumptuous costuming of the big parts, carried by leaders in the smart set.

From the moment Scherherazade and Haroun-el-Raschid—Mrs. William Thornton White and Joseph Ross—appear before the court in Bagdad all the ballet in the fete in Seville, there's not a dull moment.

IN BIG DANCE SCENE.
Here are few of the attendants in the Spanish dancers from Madrid.

After two years, many of the principal battlefields are practically unchanged, particularly around Rheims and Verdun," said President Barrows in the course of his remarks. "The French have done a great deal, and apparently have worked systematically. They started first on the main roads then started to reclaim the fields, and lastly, the balance of the estate equally between the foster-daughter, then Miss Helen Preshe, and Mrs. Phoebe Preshe, wife of Robert Preshe, a brother. Subsequently, and before the making of a codicil to the will, Miss Preshe married Fred A. Temple and both lived with Preshe at the family home, 1806 Tenth Avenue.

On May 12 last Preshe signed a codicil leaving the family home as a cottage in the year to Mrs. Temple and substituting Matthew Preshe, a brother of San Jose, for Mrs. Temple as devisee of half of the residue of the estate.

PRaises PERSHING
"The Meuse-Argonne district will always be remembered in connection with the decision of General Pershing to end the war in 1918. Instead of waiting until the following spring, when the weather was so bad, he had not received much battle training, some of them were not even thoroughly equipped, but he appreciated the temper of the men and knew they had the will to win. So from September 25 until November 11 the great advance was made."

M. M. Barnett, editor of the Jewish Times, spoke briefly of the Jewish relief campaign now being held.

General H. A. Greene, chairman of the resolution committee of the Jewish Times, introduced resolutions endorsing Amendment 12, providing for the mileage tax for the university. He urged all ex-service men to vote for the bill.

The resolution will be acted on October 14.

Boxing and wrestling by university stars kept the interest of the spectators at fever heat during the evening. Among those who contributed to the musical program were the original "Primrose Four," known as 1000 pounds of harmony, clever magician, and an unusually clever magician, and a very clever magician.

The university band, under the direction of Roy Allen, furnished several numbers.

MUSIC PROGRAM
Glick's orchestra, under the direction of David Glick, played instrumental pieces. The Glendinning's Hawaiian Quintette gave several selections.

"Bill" Stinger, a worker during the war, entertained the crowd with anecdotes and recitations. "Red" Drew, a leader for the university, led the veterans in war songs.

Jack Brennan, treasurer of Berkeley Post, acted as chairman for the evening. The program was arranged by James Fisk.

Supervisors' Clerk Resigns His Position
Deputy County Clerk J. C. Holland, for nearly six years clerk to the board of supervisors, has resigned his position to accept one with a roofing company as traveling salesman. His resignation was accepted by County Clerk George L. Holland after a vain effort to persuade him to remain. He is to be succeeded in his duties with the supervisors by Deputy County Clerk Frank Stead.

The change goes into effect October 1.

Holland said the failure of the legislature to advance salaries to keep pace with living expenses caused his decision.

BARROWS TELLS LEGION POST OF VISIT TO FRANCE

BERKELEY, Sept. 29.—Five hundred ex-service men gathered last evening in Harmon gymnasium at one of the most successful meetings held under the auspices of Berkeley Post No. 7, Dr. David P. Barrows, president of the university and past commander of the department of California, made a short address, describing the French battlefields as they are today. A varied musical and athletic program was given.

In keeping with the announcement of the affair as an "O. D. Smoker," most of the former soldiers wore the olive drab shirt of army days.

SCENES UNCHANGED

Last Act of Manufacturer In Changing Terms of His Will Puzzles Beneficiaries

Complete mystery surrounds the act of the late James Preshe, wealthy retired silk manufacturer, who died September 2 last, in changing his will a few months before his death as to substitute his brother, Matthew Preshe, for his foster daughter, Mrs. Helen Preshe Temple, as one of the chief beneficiaries.

Mrs. Temple, who was distant related to Preshe's late wife, had lived with the couple for many years and was regarded as a daughter, though never legally adopted. Preshe, who was about 80 years of age at the time of death, often expressed his love for her. She nursed him through his last illness and was almost constantly with him. The estate is reported to be worth considerably more than \$100,000, though it has not yet been appraised, and consists mainly of stocks, bonds and money in bank.

MONEY LEFT IN TRUST
Preshe's first will dated February 9, 1915, left \$16,100 in trust to be divided between various relatives and two religious organizations. Two years after his death and having divided the balance of the estate equally between the foster-daughter, then Miss Helen Preshe, and Mrs. Phoebe Preshe, wife of Robert Preshe, a brother. Subsequently, and before the making of a codicil to the will, Miss Preshe married Fred A. Temple and both lived with Preshe at the family home, 1806 Tenth Avenue.

On May 12 last Preshe signed a codicil leaving the family home as a cottage in the year to Mrs. Temple and substituting Matthew Preshe, a brother of San Jose, for Mrs. Temple as devisee of half of the residue of the estate.

WOMAN IN DARK
Mrs. Temple said today: "The whole thing is a complete mystery to me. I knew nothing of the change in the will until after Mr. Preshe died. He often expressed his fondness for me and after his wife died I wanted no one else near him when ill. There was no difference over my marriage, which was entirely approved of by my foster-father. I cannot understand and I am named to perfect plans for the drive and to select a leader."

The following are the bequests which make up the \$16,100 trust fund:

Isabelle P. Young, sister, of San Jose, \$3000; Matthew Preshe, brother, \$3000; Thomas H. Preshe, brother, San Jose, \$3000; Robert Preshe, brother, Ireland, \$3000; Mary Maud Lenrum, Oakland, \$2000; Mabel E. Young, niece, San Jose, \$2000; Nellie E. Preshe, niece, San Jose, \$1000; William Stevenson, Fresno, \$3000; Phoebe Preshe, sister-in-law, John and Sarah Preshe, half brother and sister, Ireland, Viola and Gladys Preshe, nieces, San Francisco; Alice Hardy, niece, Oakland; Christine Gerard, San Francisco, \$300 each; Eighth Avenue Methodist church, Oakland, \$500; Home Mission Society, Eighth Avenue Methodist church, Oakland, \$300.

Grand Avenue Garage Fight Up Wednesday

Residents and property-owners along Grand avenue will be aligned this week into two armies which, next Wednesday, will appear before the City Council and plead for and against the erection of a public garage at Grand avenue and Staten street.

Those favoring the garage say it would be a convenience to the hundreds of apartment-house dwellers, who are crowded into the city, and a valuable opening-weight for the establishment of commercial buildings on the avenue.

The permit for the garage has not been taken, but the Council last week permitted its erection as there were no protests. Today H. A. Mosher and others appeared with the signatures of 104 property-owners to a very spirited protest. They ask the Council to rescind its action.

Oaklanders Chosen By State Draymen

With the return here of delegates from the state convention of draymen in Los Angeles last week it has been announced that three Oakland men have been elected to official positions in the California State Draymen's association.

George A. Warnick, L. C. Fraser and Clifton E. Brooks all were elected to the rank of vice-president, of which there are eight for the organization.

W. P. Scott of Oakland, who was president of the association last year, is succeeded by W. A. Hicks of Sacramento.

PARKS DIRECTOR TO VISIT OAKLAND

Stephen T. Mather, director of national parks, is expected in Oakland today or tomorrow to join the national park-to-park highway tour, which has reached Portland, en route to this city and the Yosemite. He will join the party at Salem, Ore., and come with the tourists to Oakland.

The good roads and Lincoln highway committees of the Oakland Chamber of Commerce are to meet next Tuesday to arrange to greet the tourists. Tentative plans call for an automobile escort to go to Sacramento and bring them to Oakland on October 16. A luncheon will be given the "pathfinders" on October 11.

Otto Van Wyck, Jr., representative of Mather on the tour, wired that a delegation from the Portland Chamber of Commerce met the party at the Oregon state line and escorted them into Portland last night. At a banquet after their arrival, the plan of getting congress to provide a hard-surfaced highway connecting all of the national parks in the west was given impetus, Van Wyck wired.

The motorists are driving over the Columbia highway today.

TRIBUNE LAUDED FOR HELP GIVEN TO 91ST REUNION

The OAKLAND TRIBUNE. Gentlemen: On behalf of the 91st Division Reunion Committee I wish to thank you and your service for the splendid co-operation which you gave us in making our first annual reunion a great success. Now that this move is started it will be a regular affair and we know that an increasing interest will be taken in it from now on due to a great measure to the publicity which you so kindly gave us.

We feel that we did everything in our power for the citizens in the United States, and especially the West, when we fought in France, and we are therefore most appreciative of any consideration that our fellow citizens give us.

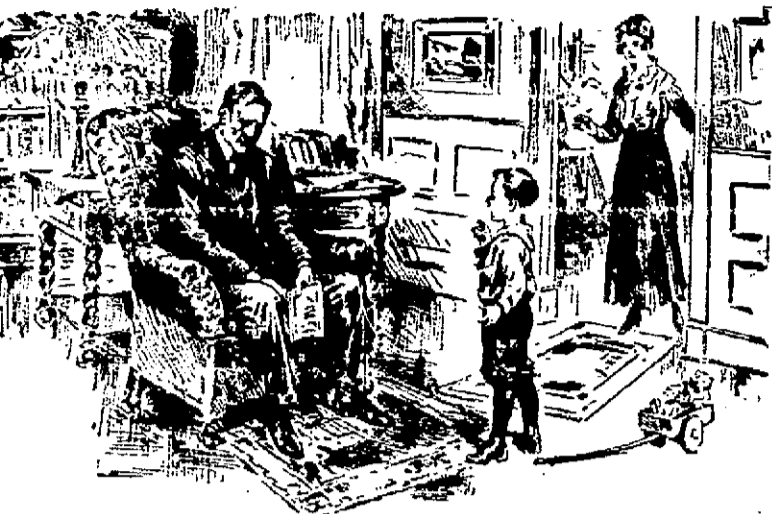

Very truly yours,
HAROLD L. MACK,
Chairman.

AUTOIST IF FREED
Declaring that the evidence all tended to show that the accused was sober and not intoxicated at the time of the accident, Police Judge Smith today dismissed the charge of driving a car while intoxicated which was laid against C. A. Colintay. Colintay was taken into custody on July 17 after a machine which was he was driving collided with another car whose driver was E. L. Van der Naillen.

REGISTER BEFORE SATURDAY

All voters who have not registered this year will lose their chance to vote in the presidential election unless they register before the various stations close on Saturday night. Likewise all of those who have changed their addresses since registration must register from their present address before the offices close.

County Clerk Gross has announced that the offices in the hall of records will remain open until 9:30 o'clock and that registration will be accepted at the headquarters of the Republican county committee at 415 Thirteenth street.

Worn Out In Mind and Body

Your child is quick to observe disturbances in your mental attitude or physical condition. And when he asks: "What's the matter, Daddy?" there's a tone of solemn anxiety in his little voice. The depression stamped upon you reflects intensely upon him because of his profound solicitude. He at once drops his playthings and rushes to your side, but his happy smile has disappeared and his buoyant spirits are gone—replaced by a countenance of worry and a bearing of hopelessness.

You owe it to the happiness and welfare of your family to keep trim in body and keen in intellect. You are the sun and the inspiration of their lives. Dark, threatening clouds hover over their heads the instant you show signs of being "out of sorts" or "under the weather." Don't imperil their future by neglecting your health.

LYKO

The Great General Tonic

will banish that "tired feeling" and dispel that worn-out look. It will renew your strength and vigor, overcome the ravishing effects of overwork and worry, revive your spirits and increase your hold on life. Being a refreshing appetizer, a valuable aid to digestion and a worthy promoter of the general health, because of its positive revitalizing and reconstructive value, its use is especially desirable in cases of subnormal conditions. If you suffer from nervous exhaustion, muscular or mental fatigue, or deficiency of vital force due to general weakness or wasting illness, you'll find "LYKO" particularly beneficial. It tones up the entire system and keeps you feeling fit. Ask your druggist for a bottle today.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

How Far Is A "Ride"?

A "Ride," we'll say, is as far as you can go for one fare.

On the Chicago & Northwestern, the Illinois Central, the Erie Railroad, the New York Central & the Lackawanna railroads, the average suburban line is 8.93 miles. The average Key System line is 9. The average single fare on all except Key System lines is \$.308. The present single suburban fare on the Key System is \$.18. The average commutation fare on other systems is \$6.87. The present commutation fare on the Key System is 4.80.

Efficient transportation costs less, and is worth more, than any other investment.

Inferior transportation is the ultimate extravagance. We have no source of revenue except fares.

BENJAMIN AGAIN G.O.P. CHAIRMAN

SAN FRANCISCO, Sept. 29.—Raymond Benjamin of San Francisco was re-elected chairman of the Republican State Central committee for a two-year term at the first meeting yesterday of the committee since its election at the state convention at Sacramento a week ago.

Other officials chosen were: First vice-chairman, Louis M. Cole, Los Angeles; second vice-chairman, Mrs. Louise Harvey Clarke, Riverside; third vice-chairman, Mrs. Elizabeth Phillips, Porterville; fourth vice-chairman, Mrs. J. B. Hume, Berkeley; secretary, Mrs. Elizabeth Hughes, Oroville; treasurer, Alfred Grenebaum, San Francisco; sergeant-at-arms, Fred E. Stewart, Oakland.

G. M. Francis of Napa was chosen as presidential elector from the Third Congressional district in place of J. F. Brooks of Richmond, disqualified by reason of being a director in a national bank.

COLONEL LONES JOB
MEXICO CITY, Sept. 29.—Colonel Filiberto Villareal has been dismissed from the army for having participated in Sunday's demonstration, during which incendiary speeches were delivered from the central balcony of the national palace.

An O. HENRY Story a Day

Lord Oakhurst's Curse

Copyright, 1920, by Doubleday, Page & Co. Published by special arrangement with the Wheeler Syndicate, Inc.

(This story was sent to Dr. Beall of Greensboro, N. C., in a letter in 1883, and so is one of O. Henry's earliest attempts at writing.)

Lord Oakhurst lay dying in the oak chamber in the eastern wing of Oakhurst Castle. Through the open window in the calm of the summer evening came the sweet fragrance of the early violets and budding trees, and to the dying man it seemed as if earth's loveliness and beauty were never so apparent as on this bright June day, his last day of life.

His young wife, whom he loved with a devotion and strength that the presence of the king of terrors himself could not at all move about the apartment, weeping and sorrowful, sometimes arranging the sick man's pillow and inquiring of him in low, mournful tones if anything could be done to give him comfort, and again, with stifled sobs, eating some chocolate caramels which she carried in the pocket of her apron. The servants went to and fro with that quiet and subdued tread which prevails in a house where death is an expected guest, and even the crash of broken china and shattered glass, which an-

nounced their approach, seemed to fall upon the ear with less violence and sound than usual. Lord Oakhurst was thinking of days gone by, when he wooed and won his beautiful young wife, who was then but a charming and innocent girl. How clearly and minutely those scenes rose up at the call of his memory! He seemed to be standing once more beneath the old chestnut grove where they had plighted their troth in the twilight of the evening, while the fragrance of the June roses and the smell of supper came exactly by on the breeze. Then, in the hope that he might win her to a bride, that if he would trust her future to his care the devotedness of his lifetime should be hers, and his only thought would be to make her life one long day of sunshine and peanut candy.

How plainly he remembered how she had, with girlish shyness and coyness, at first hesitated, and murmured something to herself about "an old maid-headed calico," but when he told her that to him life without her would be a blasted mockery, and that his income was £5,000 a year, she threw herself into his arms and froze there with the tenacity of a tick on a brindled cow, and said, with tears of joy: "Hen-ery, I am thine."

And now he was dying. In a few short hours his spirit would rise up at the call of the Destroyer and, quitting his poor, weak, earthly frame, would go forth into that dim and dreaded Unknown Land, and solve with certainty that mystery which vexed itself not to mortal man.

A carriage drove rapidly up the avenue and stopped at the door. Sir Everhard FitzArmond, the famous London physician, who had been telegraphed for, alighted and quickly ascended the marble steps. Lady Oakhurst met him at the door, her lovely face expressing great anxiety and grief. "Oh, Sir Everhard, am I so glad you have come. He seems to be sinking rapidly. Did you bring the cream almonds I mentioned in the telegram?"

Sir Everhard did not reply, but silently handed her a package, and, slipping a couple of clove into his mouth, ascended the stairs that led to Lord Oakhurst's apartment. Lady Oakhurst followed.

Sir Everhard approached the bedside of his patient and laid his hand gently on this sick man's forehead. A shade of feeling passed over his professional countenance as he gravely and solemnly pronounced these words: "Madam, your husband has croaked."

Lady Oakhurst at first did not comprehend his technical language, and her lovely mouth let up for a moment on the cream almonds. But soon his meaning flashed upon her, and she seized a box that her husband was accustomed to keep by his bedside to mangle his servants with, and struck open Lord Oakhurst's cabinet containing his private papers, and with eager hands opened the document which she took therefrom. Then, with a wild, unearthly shriek that would have made a steam piano go out behind a barn and kick itself in despair, she fell senseless to the floor.

Sir Everhard FitzArmond picked up the paper and read its contents. It was Lord Oakhurst's will, bequeathing all his property to a scientific in-

"Madam, your husband has croaked." situation which should have for its object the invention of a means for extracting peach brandy from sawdust.

Sir Everhard glanced quickly around the room. No one was in sight. Dropping the will, he rapidly transferred some valuable ornaments and rare specimens of gold and silver filigree work from the center-table to his pockets, and rang the bell for the servants.

THE CURSE
Sir Everhard FitzArmond descended the stairway of Oakhurst Castle and passed out into the avenue that led from the doorway to the iron gates of the park. Lord Oakhurst had been a great sportsman during his life and always sprang upon the physician, burying their fangs in his lower limbs and seriously damaging his apparel.

Sir Everhard, starting out of his professional dignity and usual indifference to human suffering, by the personal application of feeling, gave vent to a most horrible and blighting curse and ran with great swiftness to his carriage and drove off toward the city.

North Dakota Baby Crop Will Be Heavy

DEVIL'S LAKE, N. D., Sept. 29.—Babies will be a big crop in North Dakota this year. A bumper yield of future citizens already has been harvested. The Grim Reaper, on the other hand, has gathered only a few meager sheaves in odd fence corners.

The quarterly report of the State Board of Health shows 1022 births in the State, against only 225 deaths in June; 1238 births, against 356 deaths in May; and 952 births against 476 deaths in April.

"The doddering old fool with the glass and scythe will have to get a whetstone and show more pep if he wants to stay in business in North Dakota," said the secretary of the board. "The climate conduces to longevity. Life and health are in the prairie air. Only seventy-three persons died of tuberculosis throughout the State in the three months covered by the report. Where is there an area of similar extent on the American continent that can beat that record?"

SEEKS RELATIVES.
Frank Pacheco, a soldier formerly of the Twenty-first Infantry, is ill in Long Beach, according to word received here from a friend, V. E. Baird. Pacheco is anxious to communicate with brothers and sisters living in the Eastbay district. His address is care of V. E. Baird, Route 2, Box 118, Long Beach.

ALBERTA'S GRAIN EXPORTS HEAVY

EDMONTON, Sept. 29.—Four million dollars worth of grain and livestock have been exported from Alberta to the United States between January 1 and September 1, according to a report issued by S. C. Reat, American consul for the province.

Exports for the remainder of the year will be even larger because of the extremely large crops of farmers along the lines of the Canadian National Railways, many of whom will be able to pay for their haul with returns from the 1920 yield.

Wheat in many cases ran more than 45 bushels to an acre. In the eight months' period Alberta alone has sent to the United States 414,591 bushels of wheat, valued at \$1,249,842.98. Oats exported totaled 1,429,229.93 bushels, valued at \$334,577.37. Live cattle numbered 4883 head, with a value of \$422,365.14. Meat and meat products sent out were valued at nearly

Eastbay Folk Are To Be in Big Cast

"The Maid of Argonne," by Anais Moliere, lyric-pantomime of the final scenes of the great war, showing the final victories of the British troops in the St. Quentin section and the recovery of "The Lost Battalion" in the Argonne district, will be produced Saturday at matinee and evening performances at the Savoy theater in San Francisco as a benefit for the Victoria Memorial Home in Marin county.

The leading role in the play is being played by Miss Joan London, daughter of Jack London. A number of society leaders of the Eastbay district are included in the cast, which includes 300 persons.

T. S. MINISTER ARRIVES
WASHINGTON, Sept. 29.—Edward Capps, the new American minister to Greece, has reported to the State Department his arrival at Athens, Sept. 26.

The increased export figures of livestock is indicative of the rapid development of mixed farming in most sections of the prairie provinces where in the past grain growing has been the predominating

MANY OLD-TIME DEMOCRATS ARE FOR HARDING

Chairman J. C. Holland of the County Republican Central committee reports that a significant feature of the campaign is the number of Democrats who are expressing their intention to vote the Republican ticket in November.

"I am daily hearing of old-time Democrats who tell me they are for Harding for President. This morning James Tonkin, for many years a merchant in Oakland, told me that although a life-long Democrat, he feels it to be his duty to vote the Republican ticket in November. He made no extended reason for his change of mind except to say that he is convinced 'the good of the country' demands the election of Harding."

Notice has been given by County clerk Gross that registration for the general election closes on Saturday. For the convenience of voters the clerk's office will be kept open Saturday afternoon and evening. A registration office is maintained at the Republican headquarters, 515 Thirteenth street, where all can register. The head-

ing, and everybody is invited to call and obtain pamphlets, pictures, buttons, addresses, plac-

forms and all that is necessary to have a full fund of information about the Republican party, its principles and its candidates.
